ALL FOR PAWS 5739/5742

All for Paws Automatic Pet Feeder Instruction Manual

Model: 5739/5742 | Brand: ALL FOR PAWS

PRODUCT OVERVIEW

The All for Paws Automatic Pet Feeder is designed to provide convenient and controlled feeding for your cats and dogs. This 2-meal dispenser features a 48-hour timer, allowing you to schedule meals in advance, and includes an ice pack to keep wet food fresh. Its user-friendly design ensures easy setup and maintenance, promoting healthier eating habits for your pets.

- **Smart Feeding Technology:** Schedule your pet's meals up to 48 hours in advance with this automatic pet feeder. Ideal for busy lifestyles, it ensures your furry friend is fed on time, even when you're not at home, providing peace of mind and convenience.
- **Fresh Food Storage:** Made from BPA-free plastic, this feeder features a cooling pad that keeps meals fresh. It holds up to 300ML (10oz) of dry or wet food, ensuring your pet enjoys tasty, appealing meals every time.
- **User-Friendly Operation:** This 48-hour pet feeder is powered by 2 AA batteries (not included). Simply fill the trays, set the timer, and you're done! The removable trays are dishwasher safe, making cleanup effortless.
- **Portion Control Management:** Programmable to help manage your pet's diet, this feeder is perfect for pets prone to overeating. It promotes healthier eating habits by controlling portion sizes, supporting your pet's overall well-being.
- **Reliable Convenience:** Designed for pet owners seeking hassle-free feeding solutions, this automatic feeder guarantees your pet is well-fed and happy, even when you're away, making it a valuable addition to your pet care routine.

ANTI-SLIP DESIGN

Prevent your pet from tipping the bowl while eating

SETUP

1. **Battery Installation:** Locate the battery compartments on the underside of the feeder. Insert 2 AA batteries (not

included) into each compartment, ensuring correct polarity. Secure the battery covers.

2. **Ice Pack Placement (Optional):** If using wet food, place the included ice pack(s) in the designated slots beneath the food trays. Ensure the ice pack is frozen for optimal cooling.
3. **Food Tray Placement:** Insert the removable food trays into their respective compartments.
4. **Fill Food Trays:** Fill each tray with the desired amount of dry kibble or wet food. The trays have a capacity of up to 300ML (10oz) each.
5. **Set Timer:** Rotate the timer dial on each compartment cover to the desired feeding time. The timer can be set for up to 48 hours in half-hour increments. Ensure the arrow on the dial aligns with the desired time.

OPERATION

The All for Paws Automatic Pet Feeder operates on a simple mechanical timer system. Once the timer for a compartment counts down to zero, the lid will automatically open, providing access to the food.

- **Setting the Timer:** Each compartment has an independent timer dial. Rotate the dial counter-clockwise to set the desired delay before the lid opens. The timer can be set from 0 to 48 hours in half-hour increments.
- **Automatic Opening:** When the set time elapses, the internal mechanism will trigger the lid to pop open, making the food accessible to your pet.
- **Refilling:** After a meal, simply remove the empty tray, clean it, refill with fresh food, and reset the timer for the next scheduled meal.

MAINTENANCE

Regular cleaning of your pet feeder is essential for hygiene and to ensure your pet's health. The removable components

are designed for easy cleaning.

- **Food Trays:** The individual food trays are dishwasher safe for convenient and thorough cleaning. They can also be hand-washed with warm, soapy water.
- **Main Unit:** Wipe the main unit with a damp cloth. Do not submerge the main unit in water, as it contains electronic components.
- **Ice Packs:** Clean the ice packs with warm, soapy water and rinse thoroughly before refreezing.

TROUBLESHOOTING

- **Feeder Does Not Open:** Ensure that fresh AA batteries are correctly installed. Verify that the timer dial is set properly and has not been obstructed.
- **Food Not Staying Fresh:** Confirm that the ice pack is fully frozen and correctly positioned beneath the food tray. For extended freshness, ensure the feeder is placed in a cool environment away from direct sunlight.
- **Lid Obstruction:** Check for any food debris or foreign objects that might be preventing the lid from opening or closing smoothly. Clean the area around the lid mechanism.

SPECIFICATIONS
