Moimhear WF197916

Moimhear Children's House Bed, 90 x 200 cm, Model WF197916

Instruction Manual

1. INTRODUCTION

Thank you for choosing the Moimhear Children's House Bed. This manual provides essential information for the safe assembly, operation, and maintenance of your new bed. Please read these instructions carefully before assembly and retain them for future reference.

Image 1.1: Moimhear Children's House Bed (White)

This children's bed features a unique house design, providing a playful and secure sleeping environment. It is constructed from 100% natural pine wood with child-safe, nearly odorless water-based paints. The robust design supports a 90 x 200 cm mattress (not included) and has a maximum weight capacity of 80 kg.

2. SAFETY INFORMATION

- Please follow the assembly instructions precisely.
- Do not use the bed if any parts are missing or damaged. Contact customer support immediately if you identify any issues.
- Ensure all screws and fasteners are securely tightened before use. Periodically check and re-tighten as necessary.
- Keep small parts away from children during assembly to prevent choking hazards.
- The bed is designed for a maximum weight of 80 kg. Do not exceed this limit.
- The four-sided grid provides protection; however, adult supervision is always recommended for young children.
- The bed uses child-safe, water-based paints.

3. PACKAGE CONTENTS

The following items are included in your package:

- 1x Moimhear Children's House Bed frame components
- 1x Illustrated Assembly Instructions
- Necessary assembly tools (screwdriver, Allen key, fixed wrench)

Please verify all components are present and undamaged before beginning assembly. If any parts are missing or defective, please contact customer support.

5. SETUP AND ASSEMBLY INSTRUCTIONS

Assembly of the Moimhear Children's House Bed is designed to be straightforward with the included illustrated instructions. It is recommended to assemble the bed with two people for ease and safety.

1. **Unpack and Inspect:** Carefully unpack all components and lay them out on a clean, soft surface to prevent scratches. Compare the parts with the included parts list in the illustrated manual to ensure everything is present and undamaged.
2. **Assemble the Base Frame:** Begin by connecting the main side rails and end panels to form the rectangular base of the bed. Use the provided hardware and tools, ensuring all connections are firm.
3. **Install Slats:** Place the 14 rigid slatted bases into the designated slots on the side rails. Ensure they are evenly spaced and securely seated to provide adequate mattress support.

4. **Attach Side Protection Grids:** Secure the four-sided grid panels to the bed frame. These panels are crucial for child safety.

Image 5.2: Detail of Side Protection Grid

5. **Construct the House Frame:** Assemble the roof structure components and attach them to the main bed frame. This forms the distinctive house design.

Image 5.3: Detail of Roof Structure

6. **Final Tightening:** Once all parts are assembled, go back and ensure all screws and bolts are fully tightened. Do not overtighten to avoid damaging the wood.

7. **Add Mattress:** Place a 90 x 200 cm mattress (not included) onto the slatted base.

The included chalkboard can be hung on the bed frame for added fun. Chalk is not included.

6. OPERATING INSTRUCTIONS

Once assembled, the Moimhear Children's House Bed is ready for use. Ensure the mattress is properly seated on the slats. The bed is designed for sleeping and resting. Children can also engage in imaginative play within the house structure, but always under appropriate supervision.

7. MAINTENANCE

- **Cleaning:** Wipe the bed frame with a soft, damp cloth. Avoid using harsh chemicals or abrasive cleaners, as these can damage the paint finish.
- **Inspection:** Periodically inspect all joints, screws, and slats for tightness and wear. Re-tighten any loose fasteners.
- **Ventilation:** Ensure adequate ventilation around the mattress to prevent moisture buildup.

8. TROUBLESHOOTING

- **Wobbling Bed:** If the bed feels unstable, check all assembly points and ensure all screws are securely tightened. Uneven flooring can also contribute to wobbling; consider using furniture pads to level the bed.
- **Sharp Edges:** While the product is designed with child safety in mind, some users have noted edges that may feel sharp. If concerned, consider adding soft edge protectors (not included) to specific areas.
- **Missing or Damaged Parts:** If you discover any missing or damaged components upon unpacking, do not proceed with assembly. Contact customer support immediately for assistance.

9. WARRANTY AND SUPPORT

Specific warranty details are not provided in this manual. For any product-related inquiries, issues, or to report missing/damaged parts, please contact the seller or manufacturer directly through your purchase platform. Please have your purchase details and model number (WF197916) ready when contacting support.
