1. PRODUCT OVERVIEW

The CLEANmaxx Carpet and Upholstery Cleaner Concentrate is a powerful solution designed for effective cleaning of various textile surfaces. This 1000 ml concentrate (2 x 500 ml bottles) is formulated to tackle stubborn stains and eliminate unpleasant odors, leaving your carpets and upholstery fresh and clean. It is suitable for use with CLEANmaxx carpet cleaners, other wet vacuum cleaners, and for manual cleaning applications.

Key Features:

- **Powerful Stain Removal:** Effectively dissolves common stains such as coffee, red wine, and grease.
- **Odor Elimination:** Neutralizes and removes unpleasant odors from fabrics.
- **Textile-Friendly Formula:** Gentle on most textiles, ensuring material tolerance.
- **Economical Concentration:** 1 liter of concentrate yields up to 50 liters of cleaning solution.
- **Versatile Application:** Suitable for carpets, rugs, sofas, upholstered chairs, car seats, and as a spot remover for clothing.
- **Protective Action:** Helps protect against future dirt accumulation.

2. SAFETY INFORMATION

Please read and understand all safety instructions before using the product. Keep this manual for future reference.

- **Keep Out of Reach of Children and Pets:** Store the concentrate in a secure location away from children and animals.
- **Eye Contact:** In case of contact with eyes, rinse immediately with plenty of water for several minutes. If irritation persists, seek medical advice.
- **Skin Contact:** Wash skin thoroughly with soap and water after handling.
- **Ingestion:** If swallowed, do not induce vomiting. Drink plenty of water and seek immediate medical attention.
- **Ventilation:** Use in a well-ventilated area.
- **Material Compatibility:** Always test the product on an inconspicuous area of the textile for colorfastness and material compatibility before full application.

- **Do Not Use On:** Silk, coconut fibers, and sisal.
- **Storage:** Store in a cool, dry place, away from direct sunlight and extreme temperatures.

3. SETUP AND DILUTION

Proper dilution is crucial for effective cleaning and to prevent damage to textiles. Always refer to the instructions of your cleaning device if using a machine.

Dilution Ratios:

- **Light Soiling:** Mix 1 part concentrate with 40 to 50 parts water (e.g., 20 ml concentrate per 1 liter of water for 1:50, or 25 ml per 1 liter for 1:40).
- **Heavy Soiling:** Mix 1 part concentrate with 20 parts water (e.g., 50 ml concentrate per 1 liter of water).

For best results, use lukewarm water for dilution.

4. OPERATING INSTRUCTIONS

4.1. Pre-Treatment (Optional for Stubborn Stains)

1. For very stubborn stains, apply a small amount of the diluted solution directly onto the stain.
2. Allow it to penetrate for a few minutes (do not let it dry).
3. Gently blot the stain with a clean, white cloth, working from the outside in. Do not rub vigorously.

4.2. Machine Cleaning (with Carpet Cleaner or Wet Vacuum)

1. Vacuum the carpet or upholstery thoroughly to remove loose dirt and debris.
2. Prepare the cleaning solution according to the dilution ratios mentioned in Section 3.
3. Fill the clean water tank of your carpet cleaner or wet vacuum with the prepared solution.
4. Follow your machine's specific operating instructions for applying the solution and extracting it.
5. Work in small sections, overlapping slightly to ensure even coverage.
6. After cleaning, allow the textile to dry completely before walking on it or using the furniture. Ensure good ventilation to speed up drying.

Image 4.1: The concentrate is compatible with CLEANmaxx carpet cleaning machines and other wet vacuums.

4.3. Manual Cleaning

1. Vacuum the carpet or upholstery thoroughly to remove loose dirt and debris.
2. Prepare the cleaning solution according to the dilution ratios mentioned in Section 3.
3. Apply the solution evenly to the surface using a clean sponge or soft brush. Do not oversaturate.
4. Gently work the solution into the fibers.
5. Allow the solution to act for a short period (e.g., 5-10 minutes), but do not let it dry.
6. Blot the treated area with a clean, damp cloth to remove the cleaning solution and loosened dirt. Rinse the cloth frequently.
7. Repeat blotting with a dry cloth to absorb as much moisture as possible.
8. Allow the textile to dry completely. Ensure good ventilation.

4.4. Versatile Applications

This concentrate is suitable for a wide range of textile surfaces, including:

- Carpets and area rugs
- Upholstered furniture (sofas, armchairs, dining chairs)
- Car interiors (seats, floor mats)
- Pet beds
- Mattresses

Image 4.3: Illustration of the cleaning power, showing a carpet before and after treatment.

5. STORAGE AND MAINTENANCE

- **Storage:** Store the concentrate in its original sealed container in a cool, dry place, away from direct sunlight and freezing temperatures.
- **Shelf Life:** Refer to the product packaging for the expiration date.
- **Disposal:** Dispose of empty containers and any unused solution according to local regulations. Do not pour down drains.

6. TROUBLESHOOTING

Problem	Possible Cause	Solution
---------	----------------	----------

Problem	Possible Cause	Solution
Stains persist after cleaning.	Incorrect dilution ratio; stain is old or deeply set; insufficient pre-treatment.	Increase concentrate ratio for heavy soiling (1:20). Pre-treat stubborn stains as described in Section 4.1. Repeat cleaning process if necessary.
Excessive foaming during machine cleaning.	Too much concentrate used; machine not designed for high-foam solutions.	Reduce the amount of concentrate. Ensure proper dilution. Consult your machine's manual for recommended cleaning solutions.
White residue left on fabric after drying.	Insufficient rinsing or extraction of the cleaning solution.	Rinse the area thoroughly with clean water (using a machine or damp cloth) and extract/blot until no more residue is visible. Allow to dry completely.
Fabric color fades or changes.	Material is not colorfast; product used on unsuitable material.	Always perform a colorfastness test on an inconspicuous area before full application (Section 2). Do not use on silk, coconut, or sisal.

7. PRODUCT SPECIFICATIONS

Brand: CLEANmaxx

Model Number: 01068

Item Volume: 1000 Millilitres (2 x 500 ml bottles)

Item Form: Liquid

Scent: Fresh

Specific Uses: Carpet cleaning, Upholstery cleaning

Surface Recommendation: Upholstery, Carpets

Package Dimensions: 27 x 20.8 x 10.6 cm

Item Weight (packaged): 1.25 Kilograms

Country of Origin: China

Manufacturer: DS Produkte GmbH

Image 7.1: The 1000 ml concentrate yields up to 50 liters of cleaning solution.
