HAPPYGRILL TV Stand 01

Happygrill Electric Fireplace TV Stand User Manual

Model: TV Stand 01 | Brand: HAPPYGRILL

INTRODUCTION

Thank you for choosing the Happygrill Electric Fireplace TV Stand. This multifunctional furniture piece combines a stylish entertainment center with an efficient electric fireplace, designed to enhance your living space. It accommodates TVs up to 50 inches and features ample storage, a realistic flame effect, and a heating function. This manual provides essential information for safe assembly, operation, and maintenance of your new TV stand.

SAFETY INFORMATION

Please read all safety warnings and instructions carefully before assembly and use to prevent injury or damage. Keep this manual for future reference.

- **Overheat Protection:** The electric fireplace is equipped with an automatic overheat protection system. If the heater overheats, it will automatically shut off. Unplug the unit and allow it to cool before restarting.

- **CSA Certification:** The fireplace insert is CSA certified, ensuring it meets recognized safety standards.
- **Anti-Tipping Device:** An anti-tipping device is included to secure the TV stand to the wall, preventing accidental tipping. Always install this device as instructed during assembly.
- **Hot Surface Warning:** To avoid burns, do not directly touch the hot surface of the fireplace heater when it is in operation. Allow sufficient cooling time after use.
- **Placement:** Ensure the unit is placed on a stable, level surface. Do not block air vents. Maintain adequate clearance from combustible materials.
- **Electrical Safety:** Only use with a properly grounded outlet. Do not overload electrical circuits. Do not run power cords under carpets or in high-traffic areas.

PACKAGE CONTENTS

Before beginning assembly, ensure all parts are present and undamaged. If any parts are missing or damaged, do not proceed

with assembly and contact customer support.

- TV Stand components (various engineered wood panels, alloy steel, plastic, tempered glass parts)
- 18-inch Electric Fireplace Insert
- Remote Control for fireplace
- Assembly Hardware (screws, dowels, cam locks, etc.)
- Anti-Tipping Device
- User Manual (this document)

ASSEMBLY AND SETUP

Assembly typically requires two adults and basic tools (e.g., screwdriver). Follow the step-by-step instructions provided in the separate assembly guide included with your product. Key features to note during assembly include:

- **Cable Management Holes:** Utilize the two pre-drilled cable management holes on the back panel to organize and conceal wires from your TV and media devices.
- **Adjustable Shelves:** The cabinets feature 3-position adjustable shelves, allowing you to customize storage space for items of various sizes.
- **Reinforced Hinges:** The cabinet doors are equipped with reinforced hinges for stable connection and smooth operation.
- **Anti-Tipping Device Installation:** Securely attach the anti-tipping device to the back of the TV stand and to a wall stud as per the assembly instructions to prevent accidental tipping.

OPERATING INSTRUCTIONS

Electric Fireplace Operation

The electric fireplace can be controlled via the integrated control panel on the unit or the included remote control.

- **Power On/Off:** Press the Power Button on the control panel or remote to turn the fireplace on or off.
- **Flame Effect:** The fireplace features a 3D realistic flame effect with 3 adjustable brightness levels (L1, L2, L3). Press the Flame Control button to cycle through the brightness settings. The flame effect can operate independently without heat.
- **Heating Function:** Press the Heater Control button to activate the heating function. The temperature can be adjusted from 62°F to 82°F (17°C to 28°C). The heater provides 4650 BTU of heat output, capable of warming areas up to 161 square feet.
- **Modes:** You can choose between 'Only Flame' mode for ambiance without heat, or 'Flame and Heat' mode for warmth.

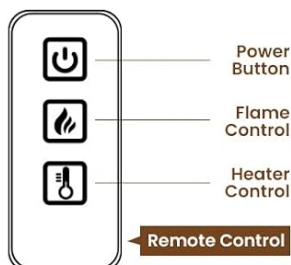

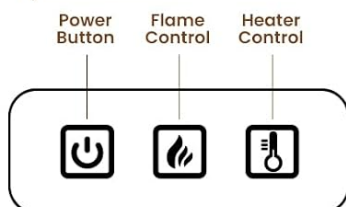

When the heater is turned on, the flame effect will rotate.

- **Remote Control:** The remote control has an effective operating distance of approximately 13 feet (4 meters). Ensure there are no obstructions between the remote and the fireplace sensor.

FUNCTIONAL HEATING DEVICE

The heating range is up to 323 square feet

TV Stand Features

The TV stand provides practical storage and display options:

- **Wide Countertop:** The spacious top surface is designed to hold TVs up to 50 inches and can also be used for decorative items.
- **Open Storage Compartments:** Two open shelves are ideal for media equipment such as DVD players, soundbars, or gaming consoles.
- **Closed Cabinets:** Two side cabinets with doors offer concealed storage for books, remote controls, and other items, helping to keep your living area tidy. The adjustable shelves inside allow for flexible organization.

SUFFICIENT STORAGE SPACE

MAINTENANCE

Regular maintenance ensures the longevity and optimal performance of your Happygrill Electric Fireplace TV Stand.

- **Cleaning:** The surface of the TV stand is easy to clean. Use a soft, damp cloth to wipe down surfaces. Avoid abrasive cleaners or harsh chemicals that could damage the finish.
- **Fireplace Insert:** Ensure the fireplace insert is unplugged and completely cool before cleaning. Gently wipe the exterior with a soft, dry cloth. Do not spray liquids directly onto the unit.
- **Ventilation:** Periodically check that the air intake and outlet vents of the fireplace are free from dust and obstructions to ensure proper airflow and prevent overheating.
- **Hardware:** Periodically check all assembly hardware (screws, bolts) to ensure they remain tight. Retighten if necessary.

Troubleshooting

If you encounter issues with your electric fireplace TV stand, refer to the following common problems and solutions:

Problem	Possible Cause	Solution
Fireplace does not turn on.	No power, unit unplugged, circuit breaker tripped.	Ensure the power cord is securely plugged into a working outlet. Check your household circuit breaker.
Heater stops working or displays 'E3' error.	Overheating, blocked air vents.	Unplug the unit and allow it to cool for at least 15-20 minutes. Check for and clear any obstructions from the air intake/outlet vents. Ensure proper clearance around the unit.
Remote control not working.	Dead batteries, obstruction, remote sensor blocked.	Replace batteries in the remote control. Ensure there is a clear line of sight between the remote and the fireplace sensor.
Flame effect is not visible or flickering.	Flame brightness set too low, internal component issue.	Adjust the flame brightness using the Flame Control button. If the issue persists, contact customer support.

Specifications

Feature	Detail
Model Number	TV Stand 01
Brand	HAPPYGRILL
Product Dimensions (D x W x H)	16" x 48" x 30" (40.6 cm x 121.9 cm x 76.2 cm)
Material	Alloy Steel, Engineered Wood, Plastic, Tempered Glass
Power Source	Corded Electric
Power Consumption	1400 watts
Heat Output	4650 BTU
Heating Coverage	Up to 161 square feet (15 m²)
