

## TOP-UP WA01

# TOP-UP WA01 4-in-1 Multi-Device Charging Cable User Manual

Brand: TOP-UP

## INTRODUCTION

Thank you for choosing the TOP-UP WA01 4-in-1 Multi-Device Charging Cable. This versatile 3.3 ft (1 meter) cable is designed to simplify your charging experience by allowing you to power up multiple devices simultaneously. It features a magnetic charger for Apple Watch, a Lightning connector for Apple devices, a USB Type-C connector, and a Micro USB connector, making it an ideal solution for various electronic gadgets.

## KEY FEATURES

- **4-in-1 Design:** Integrates Apple Watch magnetic charger, Lightning, USB Type-C, and Micro USB connectors into a single cable.
- **Simultaneous Charging:** Capable of charging up to four devices at the same time.
- **Fast Charging Support:** Delivers fast charging speeds for compatible devices, including Apple Watch Series.
- **Durable Construction:** Made with high-quality TPC durable material and reinforced joints for enhanced longevity and resistance to bending.
- **Portable:** Lightweight and compact 3.3 ft (1 meter) length, perfect for travel, office, car, or home use.

## COMPATIBILITY

The TOP-UP WA01 charging cable offers broad compatibility with a wide range of devices:

- **Apple Watch:** Series 10/9/8/7/6/SE2/SE/5/4/3/2/1/Ultra 2/Ultra/Watch Nike+/Watch Hermès/Watch Edition.
- **iPhone:** 16/15/14/13/12/12Pro/11/11Pro/XS/XS Max/XR/8/8 Plus/7/7 Plus.
- **iPad Series:** Compatible with various iPad models.

- **AirPods:** 4/3/2/1/Pro 2/Pro/Max.
- **USB Type-C Devices:** Samsung Galaxy, LG, Google Pixel, Nexus, Huawei, Lumia, One Plus, and other Type-C enabled smartphones and tablets.
- **Micro USB Devices:** Most Android phones, Pods, TWS headphones, and other Micro USB compatible devices.

*Note: This cable does not support Samsung Watch.*

**WIDE COMPATIBILITY**

All iPhones      Galaxy      Android Smartphones

For iWatch

Series 10      Series 9      Series 8      Series 7-1

Ultra 2      Ultra      SE 2      SE

Does Not Support Samsung Watch

iPad Pro / Air / Mini and other Tablets      AirPods Pro 2 / Pro, Max, 4, 3, 2, 1

**CONVENIENT WITH USB PORT + PD**

USB Wall Charger      PC      Laptop      Power Bank      USB Car Charger

## SETUP

1. **Connect to Power Source:** Plug the standard USB-A end of the 4-in-1 cable into a compatible USB wall charger, power bank, PC, laptop, or USB car charger.
2. **Identify Connectors:** The cable features four distinct charging connectors: a magnetic charger for Apple Watch, a Lightning connector, a USB Type-C connector, and a Micro USB connector.
3. **Prepare Devices:** Ensure your devices are ready for charging.

## 4-IN-1 MULTIPLE CORD

Fully compatible with the latest devices.  
You can charge multiple devices at the same time.

## OPERATING INSTRUCTIONS

1. **Charging Apple Watch:** Place your Apple Watch onto the magnetic charging pad. The magnetic connection will secure the watch and initiate charging.
2. **Charging Apple Devices (iPhone/iPad/AirPods):** Use the Lightning connector to charge your compatible Apple devices.
3. **Charging USB Type-C Devices:** Connect the USB Type-C end to your compatible Android phone, tablet, or other Type-C device.
4. **Charging Micro USB Devices:** Use the Micro USB connector for most Android phones, TWS headphones, or other Micro USB devices.
5. **Simultaneous Charging:** You can charge up to four devices concurrently, provided the power source can supply sufficient current.

## MAINTENANCE

- **Cleaning:** Use a soft, dry cloth to clean the cable and connectors. Avoid using harsh chemicals or abrasive materials.
- **Storage:** Store the cable in a cool, dry place away from direct sunlight and extreme temperatures. Avoid tangling the cable excessively to prevent damage.
- **Handling:** Always pull from the connector head, not the cable itself, when unplugging devices or from the power source.

# HIGH SPEED CHARGING

## TPC durable material

Using high-quality wire core, charge transmission performance become better.

## TROUBLESHOOTING

### • Device Not Charging:

- Ensure the cable is securely plugged into both the power source and the device.
- Verify that the power source is active and functioning correctly.
- Check if the correct connector is being used for your specific device.
- Try using a different power adapter or USB port.

### • Slow Charging:

- Ensure your power adapter provides sufficient output for multiple devices.
- Some devices may charge slower when multiple devices are connected simultaneously.
- Check if your device supports fast charging and if the power source is also fast-charging compatible.

### • Magnetic Charger Not Attaching:

- Ensure the Apple Watch is placed correctly on the magnetic pad.
- Remove any obstructions or cases that might interfere with the magnetic connection.
