Feit Electric WiFi 15amp Remote Access Voice Control Smart Plugs 3-Pack User Manual

Model: 1528976

PRODUCT OVERVIEW

The Feit Electric WiFi Smart Plugs provide convenient remote access and voice control over your plug-in devices. This 3-pack allows you to transform ordinary appliances and lights into smart devices, enabling control from anywhere using the Feit Electric app, or through voice commands with compatible smart assistants.

SETUP GUIDE

Follow these steps to set up your Feit Electric Smart Plugs and connect them to your home Wi-Fi network.

Image: Back view of the Feit Electric Smart Plugs packaging, showing a simplified "EASY SET UP" guide with four steps and a QR code for the Feit Electric app.

- 1. Download the Feit Electric App:** Search for "Feit Electric" in your smartphone's app store (iOS or Android) and download the application.
- 2. Register/Log In:** Open the app and create a new account or log in if you already have one.
- 3. Plug In the Smart Plug:** Insert a Feit Electric Smart Plug into a standard 15-amp wall outlet. Ensure the outlet is functioning correctly.
- 4. Add Device in App:** Follow the in-app instructions to add your new smart plug. This typically involves selecting "Add Device" or the "+" icon, choosing the smart plug category, and confirming the device is in pairing mode (often indicated by a blinking light).
- 5. Connect to Wi-Fi:** The app will guide you to connect the smart plug to your 2.4GHz Wi-Fi network. Ensure your phone is connected to the same 2.4GHz network during setup. *Note: These plugs only support 2.4GHz Wi-Fi networks.*
- 6. Name Your Device:** Once connected, you can assign a custom name to your smart plug (e.g., "Living Room Lamp,")

"Coffee Maker") for easy identification and voice control.

OPERATING INSTRUCTIONS

Once set up, your Feit Electric Smart Plugs offer various control methods.

Remote Access via App

- **On/Off Control:** Open the Feit Electric app, select the desired smart plug, and tap the power icon to turn the connected device on or off from anywhere with an internet connection.
- **Scheduling:** Use the app's scheduling feature to set specific times for your devices to turn on or off automatically. This is ideal for lights, fans, or holiday decorations.
- **Timers:** Set countdown timers for devices to turn off after a specified duration.

- **Grouping:** Group multiple smart plugs together in the app to control them simultaneously with a single command.

Voice Control

Integrate your Feit Electric Smart Plugs with compatible voice assistants like Amazon Alexa or Google Assistant for hands-free control.

1. **Link Accounts:** In your Alexa or Google Home app, search for the "Feit Electric" skill or service and link your Feit Electric account.
2. **Discover Devices:** Once linked, ask your voice assistant to "Discover devices" or manually initiate device discovery in the app.
3. **Voice Commands:** Use commands such as:
 - "Alexa, turn on [Device Name]"
 - "Hey Google, turn off [Device Name]"
 - "Alexa, set [Device Name] to turn on at 7 PM"

Manual Control

Each smart plug features a manual power button on its side. Press this button to toggle the connected device on or off directly at the plug.

MAINTENANCE

Feit Electric Smart Plugs require minimal maintenance to ensure optimal performance.

- **Cleaning:** Disconnect the smart plug from the power outlet before cleaning. Use a dry, soft cloth to wipe the exterior. Do not use liquid cleaners or abrasive materials.
- **Environment:** Ensure the smart plug is used in a dry indoor environment, away from water, excessive humidity, and extreme temperatures.
- **Firmware Updates:** Periodically check the Feit Electric app for available firmware updates for your smart plugs. Updates can improve performance and add new features.

TROUBLESHOOTING

If you encounter issues with your Feit Electric Smart Plugs, refer to the following common solutions.

- **Plug Not Connecting to Wi-Fi:**
 - Ensure your Wi-Fi network is 2.4GHz. These plugs do not support 5GHz networks.
 - Verify your Wi-Fi password is correct.
 - Move the smart plug closer to your Wi-Fi router.
 - Restart your Wi-Fi router and try the setup process again.
 - Reset the smart plug (refer to the app or product documentation for specific reset instructions, often involves holding the power button).
- **Device Not Responding to App/Voice Commands:**
 - Check if the smart plug is still connected to Wi-Fi (indicator light status).
 - Ensure your phone has an active internet connection.
 - Verify that the Feit Electric app is up to date.
 - For voice control, ensure your Feit Electric account is correctly linked in the Alexa/Google Home app.
 - Unplug the smart plug from the wall outlet for 10 seconds, then plug it back in to power cycle it.

- **Plug Indicator Light Status:**

- **Solid Blue/Green:** Connected to Wi-Fi and ready.
- **Blinking Blue/Green:** Pairing mode or attempting to connect.
- **Off:** Not powered or disconnected.
