## FORABEST 2022

# FORABEST 1.5L Stainless Steel 1-Compartment Replacement Tray Instruction Manual

Model: 2022 (Compatible with JIUYI-003 Heated Electric Lunch Box)

## 1. PRODUCT OVERVIEW

This document provides instructions for the FORABEST 1.5L Stainless Steel 1-Compartment Replacement Tray, Model 2022. This tray is specifically designed as a replacement or additional container for the FORABEST JIUYI-003 Heated Electric Lunch Box. It allows for convenient storage and heating of meals, offering a durable and easy-to-clean solution for your portable food warming needs.

The tray features a 1.5-liter capacity and is constructed from durable 304 stainless steel, ensuring it is eco-safe, BPA-free, and suitable for various environments including office, travel, and car use. It is designed to withstand regular use and is dishwasher safe for easy cleaning.

## **2. SETUP AND INSTALLATION**

---

To install the replacement tray into your FORABEST JIUYI-003 Heated Electric Lunch Box:

1. Ensure the lunch box is unplugged and empty.
2. Open the lid of the JIUYI-003 lunch box.
3. Carefully place the 1.5L stainless steel replacement tray into the main compartment of the lunch box. Ensure it sits flush and securely within the heating element base.
4. Close the lunch box lid, ensuring all latches are properly secured.

Image 2.1: Proper placement of the stainless steel tray into the lunch box unit.

**Important:** This tray is designed specifically for the FORABEST JIUYI-003 model. Verify your lunch box model number for compatibility before use.

### 3. OPERATING INSTRUCTIONS

The stainless steel replacement tray functions as the food container within your FORABEST JIUYI-003 Heated Electric Lunch Box. For detailed operating instructions on heating your food, please refer to the instruction manual provided with your JIUYI-003 Heated Electric Lunch Box.

General usage involves:

- Placing your food directly into the stainless steel tray.
- Securing the lid of the lunch box.
- Connecting the lunch box to a power source (AC or DC, depending on your JIUYI-003 model).

The tray itself does not contain heating elements; it is designed to safely hold food while the external lunch box unit provides the heat.

### 4. MAINTENANCE AND CLEANING

Proper maintenance ensures the longevity and hygiene of your stainless steel replacement tray.

#### Cleaning Instructions:

- The stainless steel tray is **dishwasher safe**.
- Alternatively, wash by hand using warm water and mild dish soap.

- Use a soft sponge or cloth for cleaning.
- **Do not use a steel brush or abrasive cleaners** as this will damage the protective layer and surface of the stainless steel.
- Rinse thoroughly and dry completely before storing or re-inserting into the lunch box.

Image 4.1: Hand washing the stainless steel replacement tray.

### Storage:

Store the clean and dry tray in a cool, dry place. Ensure it is completely dry to prevent water spots or mineral buildup.

## 5. TROUBLESHOOTING

Problem	Possible Cause	Solution
Tray does not fit into the lunch box.	Incorrect lunch box model or tray orientation.	Verify that your electric lunch box is the FORABEST JIUYI-003 model. Ensure the tray is oriented correctly within the lunch box base.

Problem	Possible Cause	Solution
Food is not heating properly (when using the lunch box).	This tray is a passive container. The issue is with the lunch box unit.	Refer to the troubleshooting section of your FORABEST JIUYI-003 Heated Electric Lunch Box manual for heating issues. Ensure the lunch box is properly powered and functioning.
Tray shows scratches or damage after cleaning.	Abrasive cleaning materials were used.	Always use a soft sponge or cloth for cleaning. Avoid steel brushes or harsh abrasive cleaners to protect the stainless steel surface.
