## Portronics POR-1597

# Portronics Brillo 3 Portable Lamp with Wireless Charger User Manual

Model: POR-1597

## INTRODUCTION

---

The Portronics Brillo 3 is a versatile device combining a portable lamp with a 10W wireless charger. It features a 360-degree flexible neck, touch controls for lighting modes, and a compact design. This manual provides essential information for the safe and efficient use of your Brillo 3 lamp.

## WHAT'S IN THE BOX

---

- Portronics Brillo 3 Portable Lamp with Wireless Charger
- Micro USB Cable

## PRODUCT FEATURES

---

## 2-in-1 Lamp with Wireless Charger

Ease up nighttime tasks with comfy lighting  
and wireless charging.

**2-in-1 Functionality:** This device serves as both a portable lamp and a wireless charger, designed to simplify your workspace.

# 10W FAST WIRELESS CHARGING

Suitable for Most Mobile Devices with  
Qi Wireless Charging

**10W Wireless Charging:** The base of the lamp provides up to 10W fast wireless charging for compatible devices.

# Different Lamp Modes

The modes can be changed according to the purposes that they serve.

**Multiple Lamp Modes:** Choose between warm light, white light, or a combination of both to suit your needs.

# 360 Degree Flexible Neck

Turn the neck any angle it serves your purpose well!

**360-Degree Flexible Neck:** Adjust the lamp head to any desired angle for optimal illumination.

# Eye Safe LED Lighting

Make reading a holistic experience with safe LED lighting!

**Eye-Safe LED Lighting:** Provides comfortable and safe illumination for reading and other tasks.

Touch Control

Flexible Neck

Durable Material

Micro USB Port

**Touch Control:** The upper panel of the lamp is touch-sensitive for easy control of light modes.

# Sleek & Modern Design

Fits any space, office, home & literally anywhere!

**Sleek & Modern Design:** Its compact and contemporary design fits well in various environments.

**Durable 1M Cable:** The lamp includes a 1-meter long TPE cable, designed for durability and to prevent overheating or over-voltage.

**Micro USB Input:** The device features a micro USB input port for power, ensuring wide compatibility.

## SETUP

- 1. Connect Power:** Insert the micro USB end of the provided cable into the micro USB input port on the back of the lamp base. Connect the other end of the cable to a compatible USB power adapter (not included) and plug it into a power outlet.
- 2. Placement:** Place the lamp on a stable, flat surface. Ensure there is enough space around the wireless charging pad for your device.

## OPERATING INSTRUCTIONS

### Lamp Operation

- 1. Power On/Off:** Gently tap the touch-sensitive power icon on the top of the lamp head to turn the lamp on or off.

2. **Change Light Modes:** After turning the lamp on, tap the power icon repeatedly to cycle through the three available light modes: warm light, white light, and warm light + white light.
3. **Adjust Lamp Angle:** Use the 360-degree flexible neck to position the lamp head to your preferred angle for optimal lighting.

## Wireless Charging

1. **Place Device:** Ensure the lamp is powered on. Place your Qi-compatible smartphone or other device directly onto the wireless charging pad located on the lamp's base.
2. **Charging Indicator:** The device should indicate that it is charging. If not, adjust the position of your device on the charging pad until charging begins.
3. **Optimal Charging:** For best charging performance, ensure your device is centered on the charging pad and remove any thick cases that might interfere with wireless charging.

## MAINTENANCE

- **Cleaning:** Disconnect the lamp from power before cleaning. Use a soft, dry cloth to wipe the surface of the lamp. Do not use liquid cleaners or abrasive materials.
- **Storage:** When not in use for extended periods, store the lamp in a cool, dry place away from direct sunlight and moisture.
- **Cable Care:** Avoid bending or twisting the micro USB cable excessively to prevent damage.

## TROUBLESHOOTING

Problem	Possible Cause	Solution
Lamp does not turn on.	No power connection or faulty cable.	Ensure the micro USB cable is securely connected to both the lamp and a working power adapter/outlet. Try a different cable or power source.
Wireless charging is not working.	Device not Qi-compatible, improperly placed, or thick phone case.	Verify your device supports Qi wireless charging. Reposition the device on the charging pad. Remove any thick phone cases. Ensure the lamp is powered on.
Light modes are not changing.	Incorrect touch input.	Ensure you are tapping the touch-sensitive power icon on the lamp head. Tap firmly but gently.

## SPECIFICATIONS

Feature	Detail
Model Number	POR-1597
Product Dimensions	9D x 9W x 13.5H Centimeters
Item Weight	176 Grams
Lamp Type	Bedside Lamp

Feature	Detail
Shade Colour	White
Shade Material	Plastic
Switch Type	Touch
Light Source Type	LED
Power Source	Corded Electric
Wattage	10 Watts
Control Method	Touch Control
Connectivity Technology	USB
