SETUP INSTRUCTIONS

Assembly is required and typically takes approximately 15 minutes. Follow these steps to set up your train set:

1. **Unpack all components:** Carefully remove all pieces from the packaging and verify that all 110 pieces are present according to the package contents list.
2. **Design your track layout:** The wooden tracks feature interlocking connectors, allowing for various configurations. Experiment with different track pieces (straight, curved, switches, bridges) to create your desired railway.
3. **Assemble the fishing pond:** The fishing pond is a puzzle. Assemble the puzzle pieces to form the pond area.
4. **Place scenario buildings and accessories:** Position the hospital, fire station, police station, school, heliport, trees, and traffic signs around your track layout to create a vibrant town environment.
5. **Introduce trains and characters:** Place the train cars on the tracks and the character figures within the town.

OPERATING INSTRUCTIONS

The Tiny Land Wooden Train Set operates manually, encouraging imaginative play and fine motor skill development.

- **Manual Control:** Push the train cars along the tracks by hand. There are no batteries or electric components required for the trains themselves.
- **Creative Play:** Encourage children to create stories and scenarios using the various buildings, characters, and vehicles.
- **Fishing Activity:** Use the provided fishing rods to catch the magnetic fish from the assembled puzzle pond.
- **Compatibility:** This train set is designed to be compatible with other major brands of wooden train tracks, allowing for expansion of your railway universe.

PUZZLES & FISHING

MAINTENANCE

To ensure the longevity and safety of your Tiny Land Wooden Train Set, follow these maintenance guidelines:

- **Cleaning:** Wipe wooden pieces with a damp cloth and mild soap if necessary. Avoid soaking in water, as this can damage the wood. Dry thoroughly.
- **Storage:** Store the set in a dry place away from direct sunlight and extreme temperatures to prevent warping or fading. The original packaging can be used for storage.
- **Inspection:** Periodically check all components for loose parts, splinters, or cracks. Address any issues promptly to maintain safety.

CRAFTSMANSHIP

- Superior & Non-toxic Paint
- Smooth Sanding Without Hurting Hands

TROUBLESHOOTING

If you encounter any issues with your train set, refer to the following common solutions:

| Problem | Solution |
|--|---|
| Tracks do not connect properly. | Ensure track pieces are aligned correctly. Some pieces are designed for specific curves or connections. Check for any debris in the connectors. |
| Train cars derail frequently. | Verify that all track pieces are securely connected and lie flat on the play surface. Ensure train wheels are properly seated on the tracks. |
| Missing or damaged parts upon arrival. | Contact Tiny Land customer support immediately with your purchase details for assistance. |
