- **Warning:** To avoid danger of suffocation, keep away from babies and children. Do not use in cribs, beds, carriages, or playpens. This bag is not a toy.
- Always ensure the vacuum cleaner is unplugged from the power outlet before attempting to replace the vacuum bag.
- Dispose of used bags responsibly according to local regulations.

PRODUCT OVERVIEW

The IMPECCA 2L Replacement Vacuum Bags are designed to provide efficient dust and debris collection for your Impecca Canister Vacuum Cleaner IVC2155. Each package contains 6 paper bags, offering ample replacements for continuous use.

Key Features:

- **Compatibility:** Specifically designed for Impecca Bagged Canister Vacuum Cleaner Model IVC2155.
- **Capacity:** 2-liter capacity for efficient dust and debris collection.
- **Quantity:** Each package contains 6 replacement paper bags.
- **Function:** Helps reduce allergy-induced pollutants by trapping debris and dust.

INSTALLATION AND REPLACEMENT

Follow these steps to properly install or replace the vacuum bag in your Impecca Canister Vacuum Cleaner IVC2155.

1. **Power Off and Unplug:** Before opening the vacuum cleaner, ensure it is turned off and unplugged from the electrical outlet to prevent accidental startup.
2. **Open Vacuum Compartment:** Locate the bag compartment on your Impecca Canister Vacuum Cleaner (refer to your vacuum cleaner's manual for exact location if unsure). Open the latch or release mechanism to access the compartment.
3. **Remove Old Bag (if applicable):** Carefully remove the full or old vacuum bag from its holder. Be cautious to avoid spilling collected dust. Dispose of the old bag in a sealed trash bag.
4. **Insert New Bag:** Take a new IMPECCA 2L Replacement Vacuum Bag. Align the bag's cardboard collar with the bag holder or inlet port inside the vacuum cleaner. Push firmly until the bag is securely seated. Ensure there are no gaps where dust could escape.
5. **Close Compartment:** Close the bag compartment lid securely until it latches into place. Ensure it is fully closed to maintain proper suction.
6. **Ready for Use:** You can now plug in your vacuum cleaner and resume cleaning.

USAGE AND FUNCTION

Once installed, the IMPECCA 2L Replacement Vacuum Bag functions as the primary collection unit for dust, dirt, pet hair, and other debris picked up by your vacuum cleaner. The multi-layer paper construction is designed to trap fine particles, contributing to cleaner air output.

- The bag expands as it fills, maximizing its 2-liter capacity.
- Proper installation ensures that all airflow passes through the bag, preventing dust from entering the motor or escaping into the room.

MAINTENANCE AND REPLACEMENT SCHEDULE

Regular replacement of your vacuum bag is essential for maintaining optimal suction power and air filtration. A full bag can significantly reduce your vacuum cleaner's performance.

When to Replace the Bag:

- **Reduced Suction:** If you notice a significant decrease in suction power, the bag is likely full or nearing capacity.
- **Visible Fullness:** Some vacuum cleaners have an indicator, or you can visually inspect the bag's fullness by opening the compartment.
- **After Heavy Use:** If you have vacuumed a particularly dirty area or a large amount of debris, consider checking and replacing the bag sooner.
- **Odor:** A persistent unpleasant odor during vacuuming can indicate a full bag that needs replacement.

It is recommended to check the bag regularly, especially before and after major cleaning tasks, to ensure continuous peak performance.

TROUBLESHOOTING

If you experience issues related to the vacuum bags, consider the following common solutions:

Problem	Possible Cause	Solution
Reduced Suction Power	Bag is full or nearly full.	Replace the vacuum bag with a new one.
Dust Escaping Vacuum	Bag not installed correctly or compartment lid not sealed.	Ensure the bag's collar is firmly seated and the compartment lid is fully closed and latched.
Bag Tears Easily	Attempting to vacuum sharp objects or excessive moisture.	Avoid vacuuming sharp debris or liquids. Replace the torn bag immediately.

SPECIFICATIONS

- **Product Name:** IMPECCA 2L Replacement Vacuum Bags
- **Model Compatibility:** Impecca Canister Vacuum Cleaner IVC2155 (IVC2155W, IVC2155R)
- **Capacity:** 2 Liters per bag
