Safety Information

- Always use the seat height adjustment mechanism carefully to avoid injury.
- Do not exceed the maximum weight capacity of 275 lb to ensure the chair's stability and safety.
- Always follow the assembly instructions carefully to ensure the chair is properly assembled and stable.

Setup and Assembly

The RESPAWN 110 Pro is designed for straightforward assembly. Refer to the included guide for detailed steps. Ensure all components are securely fastened before use.

Operating Instructions

Adjustable Headrest Pillow

The headrest pillow can be adjusted vertically to provide optimal neck support. Simply slide it up or down along the straps to find your preferred position.

Padded Fixed Loop Arms

The padded fixed loop arms provide stable and comfortable support for your forearms and elbows, reducing strain during use.

Extendable Footrest

To extend the footrest, pull it outwards from beneath the seat. To retract, push it back until it is fully stored. This feature allows for comfortable reclining and relaxation.

Pneumatic Seat Height Adjustment

Use the lever located under the seat to adjust the chair's height. Pull the lever up to raise the seat, or pull it up while seated to lower the seat. Release the lever to lock the height.

155-Degree Recline with Infinite Angle Lock

The backrest can recline up to 155 degrees. Use the recline lever on the side of the chair to adjust the angle. The infinite angle lock allows you to secure the backrest at any desired position.

360-Degree Swivel

The chair is equipped with a smooth 360-degree swivel function, allowing for easy movement and access to your surroundings without needing to stand up.

Dual-Layered Endurance Foam Support

The seat features a dual-layered foam construction with a plush top layer for immediate comfort and a resilient bottom layer for enduring support, ensuring comfort through long sessions.
