

Machine Heracleum II Pendant Light

Classic Heracleum II Pendant Light User Manual

Model: Heracleum II Pendant Light | **Brand:** Machine

1. INTRODUCTION

Thank you for purchasing the Machine Classic Heracleum II Pendant Light. This manual provides essential information for the safe installation, operation, and maintenance of your new lighting fixture. Please read this manual thoroughly before installation and keep it for future reference.

This elegant pendant light features a unique tree leaf design with integrated LED lights, offering low power consumption and a long lifespan. It provides a bright, uniform, non-glare illumination, creating a cozy atmosphere. Its stylish design makes it suitable for various indoor spaces including living rooms, dining rooms, bedrooms, kitchens, and offices.

2. IMPORTANT SAFETY INFORMATION

WARNING: Risk of Electric Shock. Disconnect power at the fuse box or circuit breaker before installation or servicing.

- Always turn off the main power supply before installing, cleaning, or performing any maintenance on the fixture.
- Installation must be performed by a qualified electrician in accordance with all local electrical codes.
- Do not connect this fixture to an ungrounded electrical system.
- Do not attempt to modify the fixture. Any modifications may void the warranty and create a safety hazard.
- Handle the fixture with care. Avoid dropping or subjecting it to strong impacts.
- Ensure all connections are secure and properly insulated.
- This product is designed for indoor use only. Do not expose to moisture or extreme temperatures.

3. PACKAGE CONTENTS

Please check that all parts are included and undamaged before beginning installation. If any parts are missing

or damaged, do not proceed with installation and contact customer support.

- Heracleum II Pendant Light Fixture (1 unit)
- Mounting Hardware Kit (screws, anchors, wire connectors)
- Installation Manual (this document)

4. INSTALLATION INSTRUCTIONS

Follow these steps carefully to install your pendant light. Professional installation is recommended.

1. Prepare for Installation:

- Turn off power at the circuit breaker or fuse box to the outlet box where the fixture will be installed.
- Ensure the power is off by testing the circuit with a voltage tester.
- Unpack the fixture and its components carefully.

2. Attach Mounting Bracket:

- Secure the mounting bracket (included in hardware kit) to the ceiling outlet box using the provided screws. Ensure it is firmly attached.

3. Adjust Hanging Length (if applicable):

- If your model allows, adjust the length of the suspension cable to your desired height. Secure the cable firmly.

Figure 4.1: View of the pendant light from a slightly lower angle, highlighting the individual light elements and their arrangement.

4. Make Electrical Connections:

- Connect the fixture's wires to the corresponding wires from the outlet box using the wire connectors:
- Connect the **black** (Live) wire from the fixture to the **black** (Live) wire from the outlet box.
- Connect the **white** (Neutral) wire from the fixture to the **white** (Neutral) wire from the outlet box.
- Connect the **green** or **bare copper** (Ground) wire from the fixture to the **green** or **bare copper** (Ground) wire from the outlet box.
- Ensure all connections are tight and secure.

5. Mount the Fixture:

- Carefully tuck all wires into the outlet box.
- Align the fixture canopy with the mounting bracket and secure it with the provided screws.

6. Restore Power:

- Once the fixture is securely mounted, restore power at the circuit breaker or fuse box.
- Test the light to ensure it functions correctly.

5. OPERATING INSTRUCTIONS

The Classic Heracleum II Pendant Light is designed for simple operation.

- **Power On/Off:** Control the light using a standard wall switch connected to the fixture's circuit.
- **Light Source:** This fixture uses integrated LED lights. There are no bulbs to replace.
- **Control Method:** The primary control method is via a touch-sensitive switch, if available on your specific

model, or through the wall switch.

6. MAINTENANCE

Regular cleaning and proper care will help maintain the appearance and performance of your pendant light.

- **Cleaning:**
 - Always turn off the power to the fixture before cleaning.
 - Use a soft, dry, or slightly damp cloth to wipe down the fixture.
 - Do not use abrasive cleaners, solvents, or polishes as they may damage the finish.
 - Avoid spraying cleaners directly onto the fixture.
- **LED Longevity:** The integrated LEDs are designed for long life and do not require replacement under normal use.
- **Inspection:** Periodically inspect the fixture for any loose connections or signs of damage. If any issues are found, consult a qualified electrician.

7. TROUBLESHOOTING

If you encounter issues with your pendant light, refer to the following common problems and solutions:

Problem	Possible Cause	Solution
---------	----------------	----------

Problem	Possible Cause	Solution
Light does not turn on.	No power supply. Loose wire connection. Faulty wall switch.	Check circuit breaker/fuse. Ensure all wire connections are secure (power off first). Test or replace wall switch.
Light flickers.	Loose wire connection. Incompatible dimmer switch (if applicable).	Check and secure all wire connections (power off first). Ensure dimmer switch is compatible with LED lighting.
Light is dim.	Incorrect voltage. Dust accumulation.	Verify correct voltage supply. Clean the fixture gently.

If the problem persists after trying these solutions, please contact customer support.

8. PRODUCT SPECIFICATIONS

Feature	Detail
Brand	Machine
Model	Heracleum II Pendant Light
