### Benzara BM269092

# Benzara BM269092 Grandfather Clock User Manual

Model: BM269092 | Brand: Benzara

## 1. INTRODUCTION

Thank you for purchasing the Benzara BM269092 Grandfather Clock. This classic and timeless piece features Roman numerals, two minimalist hands, a beveled mirror frame, and integrated storage. This manual provides essential information for the safe setup, operation, and maintenance of your new clock.

Figure 1: Full view of the Benzara BM269092 Grandfather Clock. This image displays the elegant design, Roman numerals on the clock face, and the mirrored frame.

## 2. SAFETY INFORMATION

---

Please read all safety instructions carefully before using this product. Failure to follow these instructions may result in injury or damage to the product.

- **Stability:** Ensure the clock is placed on a stable, level surface to prevent tipping.
- **Weight:** The clock weighs approximately 71 pounds (32.2 kg). Exercise caution when moving or positioning. It is recommended to have two people for safe handling.
- **Glass/Mirror Components:** Handle with care to avoid breakage. In case of breakage, clean up glass fragments immediately and safely.
- **Children and Pets:** Keep children and pets away from the clock, especially during movement or if it contains small, removable parts.
- **Moisture:** Avoid placing the clock in areas with high humidity or direct contact with water to prevent damage to the materials and clock mechanism.

## 3. PACKAGE CONTENTS

Carefully unpack all components and check against the list below. If any items are missing or damaged, please contact customer support.

- 1 x Benzara BM269092 Grandfather Clock (main unit)
- *(Note: Batteries for the clock mechanism are not included and must be purchased separately)*

## 4. SETUP AND PLACEMENT

The Benzara BM269092 Grandfather Clock requires no assembly. Follow these steps for proper placement and initial setup.

1. **Unpacking:** Carefully remove the clock from its packaging. Retain packaging materials for future transport if needed.
2. **Placement:** Choose a suitable location for the clock.
  - Ensure the floor is level and stable enough to support the clock's weight (71 lbs / 32.2 kg).
  - Avoid direct sunlight or heat sources, which can affect the clock's materials and mechanism.
  - Keep away from high-traffic areas where it might be accidentally bumped.
3. **Leveling:** If the clock appears unstable, gently adjust its position until it sits firmly on all contact points.

63 - Inch

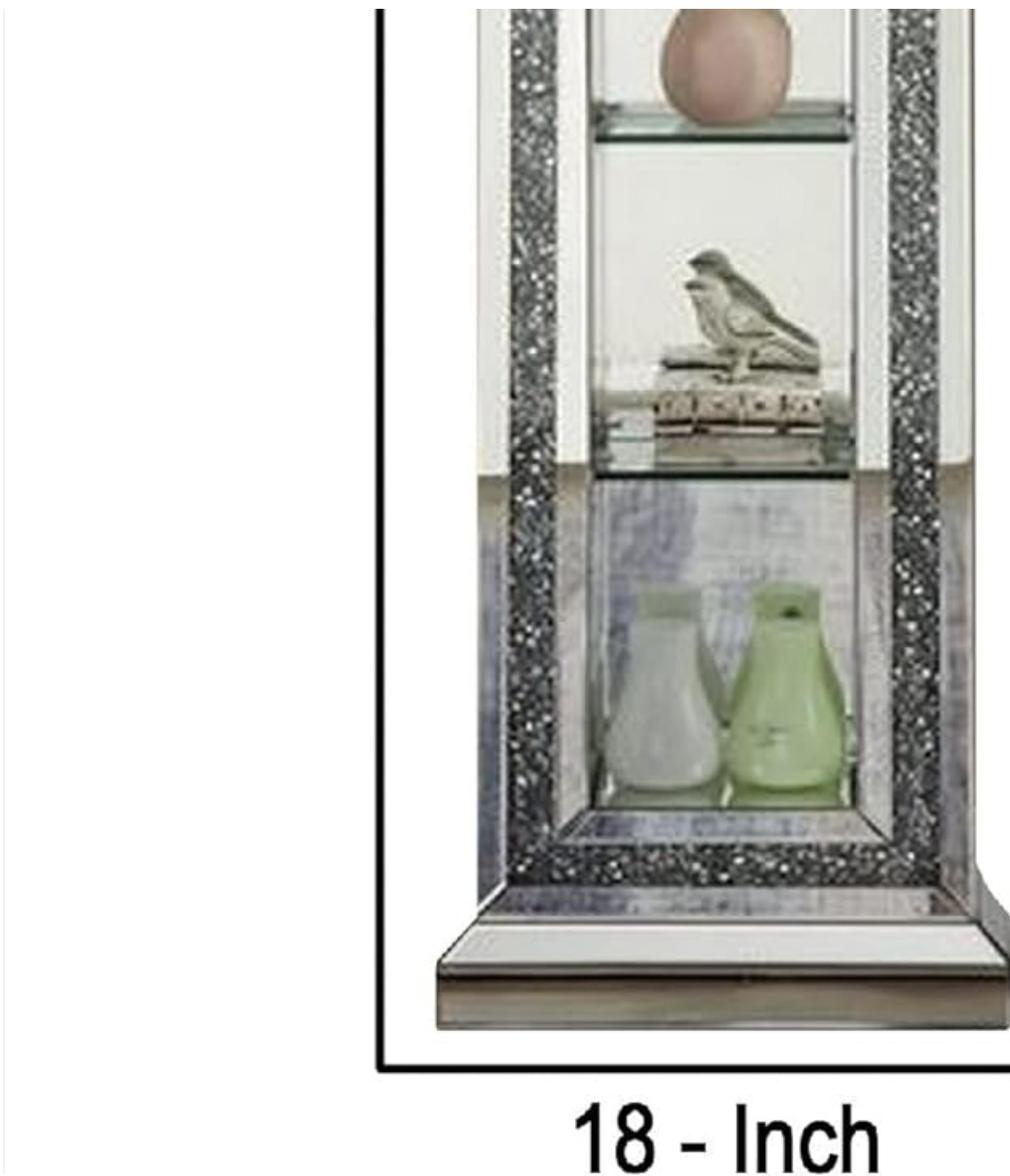

Figure 2: Dimensions of the Grandfather Clock. The clock measures 63 inches in height and 18 inches in width.

## 5. OPERATING INSTRUCTIONS

### 5.1 Setting the Time

The clock mechanism is battery-powered. To set the time:

1. **Insert Batteries:** Locate the battery compartment on the back of the clock mechanism. Insert the required batteries (typically one AA battery, not included) according to the polarity markings (+/-).
2. **Adjust Time:** Use the small dial or knob on the back of the clock mechanism to rotate the hands clockwise until the correct time is displayed. Avoid moving the hands counter-clockwise directly.

### 5.2 Using the Storage Compartments

The clock features 4 compartments (3 tier shelves and 1 pull-out drawer) for convenient storage.

Figure 3: Detail of the three-tier storage shelves. These shelves are ideal for displaying decorative items.

- **Shelves:** The three-tier shelves are suitable for displaying decorative items, small books, or other personal belongings.
- **Drawer:** The pull-out drawer, accented with silver knob pulls, provides concealed storage for smaller items.
- **Weight Capacity:** Do not overload the shelves or drawer. Distribute weight evenly to maintain stability.

## 6. MAINTENANCE AND CARE

Proper care will ensure the longevity and appearance of your grandfather clock.

- **Cleaning the Frame:** Use a soft, lint-free cloth to gently wipe the mirrored surfaces. For smudges, a glass cleaner applied to the cloth (not directly to the mirror) can be used. Avoid abrasive cleaners.
- **Cleaning the Clock Face:** Dust the clock face and hands with a dry, soft cloth. Do not use liquids directly on the clock mechanism.
- **Battery Replacement:** Replace the clock battery annually or when the clock starts losing time to ensure accurate operation.
- **General Care:** Avoid placing hot or wet items directly on the clock's surfaces. Use coasters or protective pads if necessary.

## 7. TROUBLESHOOTING

If you encounter issues with your clock, refer to the following common problems and solutions:

Problem	Possible Cause	Solution
Clock not running	Dead or incorrectly inserted battery.	Check battery polarity. Replace with a fresh battery.
Clock losing or gaining time	Weak battery; mechanism issue.	Replace battery. If problem persists, contact customer support.
Hands are stuck	Hands are touching each other or the clock face.	Gently adjust hands to ensure they move freely.

## 8. SPECIFICATIONS

Feature	Detail
Brand	Benzara
Model Number	BM269092
Product Dimensions	18 x 8 x 63 inches (Width x Depth x Height)
Item Weight	71 pounds (32.2 kg)
