## Logitech G G535

# Logitech G535 Lightspeed Wireless Gaming Headset User Manual

Model: G535

## INTRODUCTION

---

The Logitech G535 Lightspeed Wireless Gaming Headset provides a high-performance audio experience for gamers. Featuring LIGHTSPEED wireless technology, a lightweight design, and intuitive controls, this headset is compatible with PC, PlayStation 4, and PlayStation 5. This manual provides essential information for setting up, operating, and maintaining your headset.

## WHAT'S IN THE BOX

---

Upon unboxing your Logitech G535 Lightspeed Wireless Gaming Headset, you should find the following components:

- Logitech G535 Wireless Gaming Headset
- LIGHTSPEED USB Wireless Receiver
- USB-C to USB-A Charging Cable

# LIGHTSPEED WIRELESS

**ADVANCED WIRELESS WITH 33 HOURS OF  
BATTERY LIFE**

## **PRODUCT OVERVIEW**

---

Familiarize yourself with the key components and controls of your Logitech G535 headset:

# ON-EAR CONTROLS

INSTANTLY TURN UP  
YOUR GAME OR MUSIC

Image: A detailed diagram highlighting the soft, adjustable headband, memory foam ear pads, volume wheel, flip-to-mute microphone, and 40 mm audio drivers of the G535 headset.

- **Soft, Adjustable Headband:** Provides comfort and helps distribute weight.
- **Memory Foam Ear Pads:** Designed for extended wear comfort.
- **Volume Wheel:** Located on the ear cup for quick audio adjustments.
- **Flip-to-Mute Microphone:** Mute or unmute by simply flipping the microphone up or down.
- **40 mm Audio Drivers:** Deliver crisp, clear, and deep stereo sound.

## SETUP

---

### 1. Charging the Headset

Before initial use, fully charge your headset. Connect the USB-C end of the charging cable to the headset and the USB-A end to a powered USB port on your computer or a USB wall adapter. The LED indicator on the headset will show charging status.

### 2. Connecting the USB Wireless Receiver

Insert the LIGHTSPEED USB wireless receiver into an available USB port on your PC or PlayStation console. The headset uses a plug-and-play setup for immediate connection.

# PC AND CONSOLE COMPATIBLE

**PC, PLAYSTATION® 5 AND  
PLAYSTATION® 4**

Image: The G535 headset with its USB receiver, illustrating the simple plug-and-play connection process.

### 3. Powering On and Compatibility

Turn on the headset using the power button. The headset is compatible with:

- **PC:** Connect the USB receiver to an available USB port.
- **PlayStation 4 (PS4):** Connect the USB receiver to an available USB port on your PS4.
- **PlayStation 5 (PS5):** Connect the USB receiver to an available USB port on your PS5.

## OPERATING INSTRUCTIONS

---

### Volume Control

Adjust the audio volume using the dedicated volume roller located on the left ear cup. Roll it up to increase volume and down to decrease.

# DISCORD CERTIFIED

TESTED, APPROVED AUDIO AND  
MIC PERFORMANCE

Image: A close-up view of the volume roller on the ear cup, designed for instant audio adjustments.

## Microphone (Flip-to-Mute)

The integrated microphone features a convenient flip-to-mute function. To mute your microphone, simply flip it upwards. To unmute and activate the microphone, flip it back down.

## Battery Life Management

The G535 headset offers up to 33 hours of battery life on a single charge. Monitor the battery status via the headset's LED indicator or through the Logitech G HUB software (if installed on PC). Recharge the headset when the battery is low to ensure uninterrupted gaming sessions.

# PLUG AND PLAY

## EASY-TO-USE, INSTANT CONNECTION

Image: The G535 headset emphasizing its LIGHTSPEED wireless capability and extended 33-hour battery life.

### LIGHTSPEED Wireless Range

The LIGHTSPEED wireless technology provides up to 12 meters (approximately 40 feet) of reliable wireless freedom. Ensure the USB receiver is within this range for optimal performance.

## MAINTENANCE

---

### Cleaning

- Use a soft, dry cloth to clean the headset's exterior.
- For ear pads, gently wipe with a damp cloth and mild soap if necessary, then allow to air dry completely.
- Avoid using harsh chemicals or abrasive materials.

### Storage

Store the headset in a cool, dry place away from direct sunlight and extreme temperatures. When not in use, consider placing it on a headset stand to maintain its shape and prevent damage.

### Battery Care

- Do not expose the battery to excessive heat.
- Avoid fully discharging the battery frequently to prolong its lifespan.
- If storing for an extended period, charge the headset to about 50% before storage.

## TROUBLESHOOTING

---

### No Sound or Low Volume

- Ensure the headset is powered on and connected to the USB receiver.
- Check the volume roller on the headset and the system volume on your PC/console.
- Verify that the G535 is selected as the default audio output device in your system settings.

### Microphone Not Working

- Ensure the microphone is flipped down to unmute.
- Check that the G535 is selected as the default input device in your system settings and communication applications (e.g., Discord).
- Test the microphone in a different application or on another device.

### Connection Issues

- Ensure the USB receiver is securely plugged into a powered USB port.
- Move closer to the USB receiver to rule out range issues.
- Try plugging the USB receiver into a different USB port.
- Restart your PC/console and the headset.

### Charging Problems

- Verify the charging cable is properly connected to both the headset and the power source.
- Try a different USB port or charging cable.
- Ensure the power source is active.
