SETUP

Initial Charging

1. Connect the provided USB charging cable to the charging port on the headphones.
2. Plug the other end of the USB cable into a 5V USB power adapter (not included) or a computer's USB port.
3. The LED indicator on the headphones will illuminate during charging.
4. A full charge takes approximately 2.5 hours. The LED indicator will change or turn off once charging is complete.

OPERATING INSTRUCTIONS

Power On/Off

- To power on, press and hold the Power button until the LED indicator lights up.
- To power off, press and hold the Power button until the LED indicator turns off.

Bluetooth Pairing

1. Ensure the headphones are powered off.
2. Press and hold the Power button for approximately 5-7 seconds until the LED indicator flashes blue and red alternately, indicating pairing mode.
3. On your device (smartphone, tablet, computer), enable Bluetooth and search for available devices.
4. Select "ASHATA Headphones" (or similar name) from the list of devices.
5. Once paired, the LED indicator on the headphones will flash blue slowly.
6. The headphones have a wireless range of up to 15 meters (49.2 feet).

Using the Wired Connection

If the battery is depleted or for devices without Bluetooth, you can use the 3.5mm audio cable:

1. Plug one end of the 3.5mm audio cable into the AUX port on the headphones.
2. Plug the other end into the 3.5mm audio jack of your device.
3. The headphones will automatically switch to wired mode.

LED Light Control

The headphones feature built-in LED lights that can be controlled:

Figure 3: Headphones with red LED lights illuminated.

Figure 4: Headphones with blue LED lights illuminated.

Figure 5: Headphones with pink LED lights illuminated.

Figure 6: Headphones with green LED lights illuminated.

- To turn the LED lights on or off, locate the dedicated LED control button (refer to product diagram if available).
- Press the button to cycle through different light modes or to turn the lights off.

Using the Microphone

- The headphones include a built-in microphone for basic communication.
- For enhanced voice clarity, attach the removable microphone to the designated port on the headphones.
- Ensure the microphone is securely connected for optimal performance.

Volume Control

- Adjust the volume using the volume control buttons located on the headphone earcup (refer to product diagram if available).
- You can also control the volume directly from your connected device.

MAINTENANCE

- Clean the headphones with a soft, dry cloth. Do not use abrasive cleaners or solvents.
- Avoid exposing the headphones to extreme temperatures, humidity, or direct sunlight.
- Store the headphones in a cool, dry place when not in use. The foldable design helps protect them during storage.
- Do not attempt to disassemble or repair the headphones yourself, as this will void the warranty.

TROUBLESHOOTING

No Power

- Ensure the headphones are fully charged.
- Check the charging cable and power source for proper connection.

Cannot Pair via Bluetooth

- Make sure the headphones are in pairing mode (LED flashing blue and red).
- Ensure Bluetooth is enabled on your device and it is within 15 meters of the headphones.
- Try restarting both the headphones and your device.
- Clear previous Bluetooth connections on your device and try pairing again.

No Sound

- Check the volume levels on both the headphones and your connected device.
- If using Bluetooth, ensure the headphones are successfully paired.
- If using the wired connection, ensure the 3.5mm audio cable is fully inserted into both the headphones and your device.

Microphone Not Working

- Ensure the removable microphone is securely attached.
- Check microphone settings on your connected device.
