GODOX LA150D

Godox LA150D LED Video Light Instruction Manual

Model: LA150D

1. Important Safety Instructions

Please read and understand all instructions before using this product. Keep this manual for future reference.

- Do not disassemble or modify the product.
- Do not operate with wet hands or immerse in water.
- Keep out of reach of children.
- Ensure the power supply matches the product's voltage requirements.
- Avoid direct eye exposure to the light source.
- Do not block ventilation openings.

2. Product Overview

The Godox LA150D is a compact and powerful LED video light designed for various photography and video shooting applications, offering high brightness, accurate color rendition, and versatile control options.

3. What's in the Box

Verify that all items are included in your package:

- LA150D LED Light (1)
- Reflector (1)
- Lamp head protection cover (1)
- Power adapter (1)
- Power cord (1)
- Instruction manual (1)
- 8 Color Filters Set (1)

Image: A visual representation of all components included in the Godox LA150D package, laid out neatly.

4. Setup

4.1 Attaching the Reflector

1. Align the three mounting points on the reflector with the corresponding slots on the light's Bowens mount.
2. Insert the reflector and twist clockwise until it locks securely into place.

4.2 Mounting the Light

1. Attach the light to a standard light stand using the integrated mounting bracket.
2. Tighten the locking knob on the bracket to secure the light's position.

4.3 Power Connection

1. Connect the power adapter to the light's power input port.

2. Plug the power cord into the power adapter and then into a suitable power outlet.

4.4 Attaching Accessories (Optional)

The LA150D features a Bowens mount for compatibility with various light modifiers and an umbrella hole for reflective umbrellas.

5. Operating Instructions

5.1 Powering On/Off

Press the power button located on the back of the light to turn it on or off.

5.2 Brightness Control

Rotate the 'DIM' dial on the control panel to adjust the light intensity from 0% to 100%.

5.4 APP Control

Download the 'Godox Light' app from your mobile device's app store. Once installed, you can control all parameters of the LA150D, including brightness and FX effects, directly from your smartphone via Bluetooth.

1. Enable Bluetooth on your mobile device.
2. Open the Godox Light app.
3. The app will automatically search for and connect to your LA150D light.
4. Use the app interface to adjust settings.

6. Maintenance

- Clean the light body with a soft, dry cloth. Do not use abrasive cleaners or solvents.
- Ensure the light is powered off and unplugged before cleaning.
- Store the light in a cool, dry place, away from direct sunlight and excessive humidity.
- Protect the LED chip from dust and physical damage.

7. Troubleshooting

Problem	Possible Cause	Solution
Light does not turn on.	No power, loose connection, faulty power adapter.	Check power cord and adapter connections. Ensure power outlet is functional. Try a different power outlet.
Light output is weak or flickering.	Low power, overheating, faulty LED.	Ensure adequate power supply. Allow light to cool down if used for extended periods. Contact support if problem persists.

Problem	Possible Cause	Solution
APP control not working.	Bluetooth off, app not connected, outdated app version.	Ensure Bluetooth is enabled on your device. Restart the app and light. Update the Godox Light app to the latest version.
Unusual noise from the light.	Fan issue, internal component issue.	Ensure ventilation is not blocked. If noise is excessive or unusual, discontinue use and contact support.
