3. PRODUCT FEATURES

The GreeSuit Replacement Mop Pads are made from high-quality microfiber and come in two distinct types to address various cleaning needs:

- **Heavy Scrub Pads (Orange):** These pads are designed for cleaning kitchens, entryways, and any sealed hard-floor living area. They are effective for tackling tougher dirt and grime.
- **Scrubby Pads (White with Grey Stripes):** These pads are suitable for cleaning up sticky messes and are ideal for use in bathrooms and laundry rooms.

Image: A visual breakdown of the two types of microfiber pads: orange heavy scrub pads for tile and stone, and white scrubby pads for tough stains and sticky messes.

4. INSTALLATION

To install the replacement mop pads:

1. Ensure your Bissell Spinwave mop is turned off and unplugged.
2. Remove the used mop pads from the rotating bases.
3. Align the new GreeSuit replacement pad with the hook-and-loop fasteners on the mop's rotating base.
4. Press the pad firmly onto the base until it is securely attached.
5. Repeat for the second pad.

Easy to Install

6. MAINTENANCE

To ensure the longevity and effectiveness of your GreeSuit Replacement Mop Pads, follow these maintenance guidelines:

- **Washing:** The pads are washable and reusable. They can be hand washed or machine washed. For machine washing, use a gentle cycle with mild detergent.
- **Drying:** After washing, air dry the pads. Do not tumble dry or use high heat, as this can damage the microfiber material.
- **Frequency:** For optimal cleaning performance, it is recommended to wash the pads after each significant use.

8. TROUBLESHOOTING

8.1 Pads Not Attaching Securely

- Ensure the hook-and-loop fasteners on both the mop base and the pad are clean and free of debris.
- Press the pad firmly onto the base to ensure full contact with the fasteners.
- If pads are worn, replacement may be necessary.

8.2 Reduced Cleaning Effectiveness

- Pads may be saturated with dirt. Wash and dry pads thoroughly before reuse.
- Ensure you are using the appropriate pad type (heavy scrub or scrubby) for the specific cleaning task.
- For very stubborn stains, pre-treatment of the floor may be required.

9. SUPPORT
