

Novation FLkey 37

Novation FLkey 37 MIDI Keyboard Instruction Manual

Model: FLkey 37

Brand: Novation

INTRODUCTION

The Novation FLkey 37 is a full-size MIDI keyboard controller engineered for comprehensive hands-on music production within FL Studio. It features dedicated controls for FL Studio's Sequencer, Channel Rack, and Mixer, along with creative Scale and Chord modes, facilitating a fluid and expressive music creation experience.

SETUP AND FIRST USE

What's in the Box

- FLkey 37 MIDI Keyboard
- USB cable
- Safety Information Sheet

Connecting Your FLkey 37

To begin using your FLkey 37, connect it to your computer using the provided USB cable. The device is USB-powered and does not require an external power supply. Ensure your computer's operating system (Mac OS or Windows OS) meets the minimum system requirements for FL Studio.

OPERATING YOUR FLKEY 37

FL Studio Integration

The FLkey 37 is specifically designed for FL Studio, offering seamless integration without the need for manual control assignments. This allows for immediate hands-on music production.

Designed for FL Studio

With controls for FL Studio's Step Sequencer, Channel Rack and Mixer, and creative Scale and Chord modes, FLkey lets you play freely.

Mixer and Channel Rack Control

Directly adjust volume and pan within FL Studio using the eight dedicated knobs located on the FLkey 37. This

provides tactile control over your mix.

Mixer and Channel Rack control

Adjust volume and pan in FL Studio with the eight knobs right from the keyboard.

Image: A user's hands are shown adjusting the mixer knobs on the FLkey 37, demonstrating direct control over FL Studio's mixer functions.

Step Sequencer and Beat Production

Utilize the velocity-sensitive pads to control FL Studio's step sequencer. Program drums easily in Sequencer mode and use Note Repeat for precise hi-hat rolls. Play beats with a human feel by directly inputting into the Channel Rack.

Sketch beats fast with the step sequencer

Program drums easily in Sequencer mode and use Note Repeat for perfectly timed hi-hat rolls.

Image: A user's hands are shown interacting with the pads on the FLkey 37, illustrating the process of sketching beats with the step sequencer.

Scale and Chord Modes

The Scale mode allows you to choose your scale, unlocking new melodic ideas and ensuring you always hit the correct notes. Chord modes assist in creating chord progressions.

Play beats with feeling

Give your beats real human feel and play directly into the Channel Rack from FLkey 37's velocity-sensitive pads.

Image: A user's hands are shown playing the keys of the FLkey 37, highlighting the use of Scale mode to maintain musical key.

Instrument Control

Trigger FPC and SliceX with the pads for more expressive beats and melodies.

- **Product Dimensions:** 10.16 x 21.85 x 3.03 inches
- **Item model number:** AMS-FLKEY-37
- **Batteries:** 1 AAA batteries required (Note: The device is primarily USB-powered; this may refer to an internal clock or specific accessory).

- **Color Name:** Grey
- **Compatible Devices:** PC, Synthesizer
- **Connector Type:** MIDI, USB
- **Supported Software:** FL Studio, HUI
- **Instrument Key:** Any
- **Number of Keyboard Keys:** 37
- **Mixer Channel Quantity:** 8
- **Size:** 7.7 x 55.5 x 25.8 cm
- **Hardware Platform:** Mac/Windows
- **Operating System:** Mac OS, Windows OS
- **Connectivity Technology:** USB
- **Special Feature:** Integration with FL Studio

TROUBLESHOOTING

Connectivity Issues

- If the device is not recognized by your computer or FL Studio, ensure the USB cable is securely connected to both the FLkey 37 and your computer.
- Try connecting to a different USB port or using a different USB cable.
- Restart your computer and FL Studio.
- Check the Novation website for the latest drivers or firmware updates for your FLkey 37.

Controls Not Responding

- Verify that FLkey 37 is correctly selected as a MIDI input device within FL Studio's MIDI settings.
- Ensure the device is in the correct mode for the function you are trying to perform (e.g., Sequencer mode for step sequencing).

Audio Output Issues

- The FLkey 37 is a MIDI controller and does not produce audio directly. Ensure your audio interface and speakers/headphones are correctly set up and functioning with FL Studio.

CARE AND MAINTENANCE

- Keep the FLkey 37 clean by wiping it with a soft, dry cloth. Avoid using abrasive cleaners or solvents.
- Protect the device from dust, moisture, and extreme temperatures.
- When not in use, store the keyboard in a safe place to prevent damage.

WARRANTY AND SUPPORT

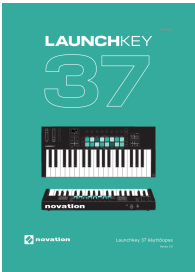

The Novation FLkey 37 comes with a three-year warranty, ensuring peace of mind regarding your investment.
