Yaheetech Hammock with Stand User Manual

Model: YA-00137529

INTRODUCTION

Thank you for choosing the Yaheetech Hammock with Stand. This product is designed for comfortable relaxation, offering an adjustable length and robust support for both indoor and outdoor use. Please read this manual carefully before assembly and use to ensure safe and optimal performance.

Important Safety Information

WARNING: Please do not overload this hammock and its stand. The maximum load capacity is 205 kg (450 lbs). Exceeding this limit may result in injury or damage to the product.

COMPONENTS

Before assembly, ensure all parts are present and undamaged. Refer to the image below for a visual representation of the components.

- Hammock Fabric (65% Cotton, 35% Polyester)
- Metal Stand Frame (various tubes and connectors)
- Adjustable Length Knobs
- Metallic Hooks for Hammock Attachment
- Anti-slip Protective Pads for Stand Feet
- Portable Carry Bag for Stand
- Hammock Storage Bag

SETUP AND ASSEMBLY

Assembly of the Yaheetech Hammock with Stand is designed to be straightforward and requires no additional tools. Follow these steps for proper setup:

1. Unpack all components from the packaging.
2. Assemble the metal stand frame by connecting the tubes. Ensure all connections are secure. The frame is designed for easy, tool-free assembly.
3. Attach the anti-slip protective pads to the feet of the stand. These pads increase friction with the ground, enhancing stability and preventing movement.
4. Unfold the hammock fabric.

5. Attach the hammock to the metallic hooks on the stand. Ensure the knots are thick and securely fastened to the hooks.
6. Adjust the length of the hammock stand using the adjustable length knobs to one of the three available positions (294 cm, 304 cm, or 314 cm) to suit your preference and comfort.

OPERATING INSTRUCTIONS

Using Your Hammock

Once assembled, the hammock is ready for use. Gently sit or lie down in the hammock, distributing your weight evenly. The hammock is designed for 1-2 persons, with a maximum load capacity of 205 kg.

Adjusting Length

The stand offers three adjustable length positions: 294 cm, 304 cm, and 314 cm. To adjust, loosen the knobs on the horizontal bar, slide the sections to the desired length, and re-tighten the knobs securely.

Storage and Portability

The hammock features a convenient side pocket for storing small items like phones, tablets, or magazines. For transport or storage, the stand is detachable and can be packed into the included portable carry bag. The hammock fabric also comes with its own storage bag.

MAINTENANCE

Cleaning the Hammock Fabric

The hammock fabric is made of a durable 65% cotton and 35% polyester blend, offering resistance to wear, tears, and weathering, along with high color fastness. For cleaning, it is recommended to hand wash with mild soap and water, then air dry completely. Avoid harsh chemicals or abrasive cleaners.

Frame Care

The metal stand is constructed with robust, coated metallic tubes (40 mm diameter) that are resistant to weathering and minor scratches. To maintain the frame, wipe it down with a damp cloth as needed. Inspect all connections periodically to ensure they remain tight and secure.

TROUBLESHOOTING

Common Issues

- Hammock feels unstable or sags excessively:** Ensure the maximum load capacity of 205 kg is not exceeded. Verify that all stand connections are securely tightened and the anti-slip pads are properly positioned on a flat, stable surface.
- Difficulty adjusting length:** Ensure the adjustable knobs are fully loosened before attempting to slide the frame sections. Check for any obstructions in the sliding mechanism.

- **Hammock fabric appears worn or damaged:** Inspect the fabric for any tears or fraying. While designed to be durable, prolonged exposure to harsh elements can affect its lifespan. Consider replacing the hammock fabric if significant damage is present.

SPECIFICATIONS

Brand	Yaheetech
Model Number	YA-00137529
Color	Desert Stripes
Materials	Metal (Stand), 65% Cotton, 35% Polyester (Hammock Fabric)
Assembled Dimensions (L x W x H)	Adjustable Length: 294/304/314 cm x 99 cm x 105.5 cm
