PRT T154-VT

PRT Qutie Label Maker Tape (15mm x 4M, Purple) - Instruction Manual

Brand: PRT | Model: T154-VT

INTRODUCTION

This manual provides instructions for the PRT Qutie Label Maker Tape, 15mm x 4M in Purple. This self-adhesive, waterproof label tape is designed for use with compatible label printers such as the PRT Qutie, D11, and D30 models. It is suitable for various labeling needs in home and office environments.

SETUP

To begin using your PRT Qutie Label Maker Tape, follow these general steps for loading the tape into a compatible label printer. For specific instructions tailored to your label maker model (Qutie, D11, D30), please refer to your device's instruction manual.

- Open the Label Maker Cover:** Locate the release mechanism or button on your label maker to open the tape compartment.
- Insert the Label Tape:** Place the PRT Qutie label tape roll into the designated slot. Ensure the tape feeds smoothly and the leading edge is positioned correctly according to your printer's design. The tip of the tape should face towards the power button.
- Close the Cover:** Securely close the label maker cover until it clicks into place.
- Power On and Align:** Press and hold the power button for 3 seconds to turn on the device. Then, briefly press the power button (or follow your device's specific alignment procedure) to allow the printer to automatically align the label tape.

OPERATING INSTRUCTIONS

Once the label tape is loaded and your label maker is powered on and connected (usually via Bluetooth to a smartphone app), you can begin creating and printing labels.

1. **Design Your Label:** Use the dedicated app for your label maker (e.g., Qutie app) to design your label. You can input text, add icons, adjust fonts, and customize the layout.
2. **Print the Label:** Once your design is complete, select the print option within the app. The label maker will print the label onto the PRT Qutie tape.
3. **Cut the Label:** Most compatible label makers have a built-in cutter. Manually cut the printed label from the tape roll.
4. **Peel and Apply:** The PRT Qutie label tape features an easy-peel backing. Carefully peel the printed label from its backing and apply it to a clean, dry surface. Press firmly to ensure strong adhesion.

Key Features and Applications

- **High Quality Label:** Waterproof, oil-proof, and scratch-proof vinyl material with a matte texture.
- **Practical Size:** 15mm width and 4M length per roll, suitable for various DIY projects, name tags, date tags, and price tags.
- **Compatibility:** 100% compatible with Qutie label makers, and also suitable for D30 and D11 label makers.
- **Easy to Use:** Features an easy-peel back design for simple removal and replacement without leaving adhesive residue.
- **Versatile Use:** Ideal for home, office, and gift applications, including marking spice racks, cosmetic boxes, folders, and food storage containers.

High Quality Thermal Self-Adhesive Labels

MAINTENANCE

To ensure the longevity and optimal performance of your PRT Qutie Label Maker Tape, consider the following maintenance tips:

- **Storage:** Store unused label tape rolls in a cool, dry place away from direct sunlight and extreme temperatures. This helps preserve the adhesive quality and printability.
- **Handling:** Avoid touching the adhesive side of the tape or the printing surface to prevent smudges or reduced stickiness.
- **Printer Care:** Regularly clean the print head and rollers of your compatible label maker as per its instruction manual to ensure clear and consistent printing.

TROUBLESHOOTING

If you encounter issues while using your PRT Qutie Label Maker Tape, consider these common troubleshooting steps:

- **Poor Print Quality:**

- Ensure the label tape is correctly loaded and aligned in the printer.
- Check if the print head of your label maker is clean. Refer to your printer's manual for cleaning instructions.
- Verify that the label tape is not old or expired, as this can affect print quality.

- **Labels Not Sticking:**

- Ensure the application surface is clean, dry, and smooth.
- Apply firm pressure when adhering the label to the surface.
- Avoid touching the adhesive side of the label before application.

- **Tape Jams or Feeds Incorrectly:**

- Open the label maker cover and re-insert the tape roll, ensuring it is seated properly.
- Check for any obstructions in the tape path.
- Ensure the tape is not creased or damaged.

For further assistance, consult the troubleshooting section of your specific label maker's manual or contact PRT customer support.

SPECIFICATIONS

Feature	Detail
Brand	PRT
Model Number	T154-VT
Manufacturer Part Number	WH07
Color	Purple
Material Type	Vinyl
Size	15MM x 4M
Item Weight	0.704 ounces
Product Dimensions	5.7 x 3.15 x 0.2 inches
Finish Type	Adhesive
