› Sheffield Folding Utility Knife: Instruction Manual for Model B09TFRP6GL

## Sheffield B09TFRP6GL

# Sheffield Folding Utility Knife Instruction Manual

Model: B09TFRP6GL

## 1. PRODUCT OVERVIEW

---

The Sheffield Folding Utility Knife is designed for controlled cutting in various work and home environments. It features a secure lock-back design and a quick blade change system for efficiency. This utility knife accepts all standard utility razor blades.

6"

3-1/2"

## 2. SETUP AND BLADE INSTALLATION

---

This section details how to safely install and replace blades in your Sheffield Folding Utility Knife.

### 2.1 Blade Installation

1. Ensure the knife is in the folded position for safety.
2. Locate the quick-change blade mechanism lever, typically marked 'OPEN'.
3. Press and hold the lever to release the blade holder.
4. Carefully insert a standard utility razor blade into the slot, ensuring it is seated correctly.
5. Release the lever to secure the blade in place. Gently tug on the blade to confirm it is locked.

**PATENTED QUICK CHANGE  
BLADE MECHANISM FOR  
QUICK AND EASY BLADE  
REPLACEMENTS**

**ACCEPTS ALL STANDARD  
UTILITY BLADES**

**1 BLADE INCLUDED**

Image 2.2: A user demonstrating the process of replacing a blade using the quick-change mechanism.

### 3. OPERATING INSTRUCTIONS

---

Follow these steps for safe and effective operation of your utility knife.

#### 3.1 Opening the Knife

1. Hold the knife firmly with one hand.
2. Use your thumb to push the blade open until it clicks into the locked position.
3. Ensure the lock-back mechanism is fully engaged before use.

#### 3.2 Using the Knife

The knife is suitable for cutting materials such as cardboard, drywall, and packaging. Always cut away from your body and use appropriate safety gear.

Image 3.1: A hand demonstrating the use of the utility knife to cut tape on a cardboard box.

### 3.3 Closing the Knife

1. Locate the lock-back release button or lever on the handle.
2. Press the release mechanism while carefully folding the blade back into the handle.
3. Ensure the blade is fully retracted and secured before storing.

## **4. MAINTENANCE**

---

Proper maintenance ensures the longevity and performance of your utility knife.

### **4.1 Cleaning**

After each use, wipe down the blade and handle with a dry cloth to remove any debris. For stubborn residue, a damp cloth can be used, followed by thorough drying to prevent rust.

### **4.2 Blade Replacement**

Replace blades when they become dull or damaged. Refer to Section 2.1 for detailed blade installation instructions. Always dispose of used blades safely.

## **5. TROUBLESHOOTING**

---

If you encounter issues with your Sheffield Folding Utility Knife, refer to the following common problems and solutions.

### **5.1 Blade Not Locking Securely**

- Ensure the blade is correctly seated in the holder.
- Verify that the lock-back mechanism is free of debris and fully engaged. Apply light pressure to the blade to confirm it is locked before use.

### **5.2 Difficulty Opening or Closing the Knife**

- Check for any obstructions or debris in the pivot points or blade channel.
- Apply a small amount of light machine oil to the pivot points if movement feels stiff.
- Ensure the lock-back release is fully depressed when closing the knife.
