Sonew 2-Piece 4.5g Lip Plumper Set Instruction Manual

INTRODUCTION

Thank you for choosing the Sonew 2-Piece 4.5g Lip Plumper Set. This manual provides essential information for the safe and effective use of your product. Please read it thoroughly before first use and retain it for future reference.

Package Contents:

- 2 x Sonew Lip Plumpers (4.5g each)

SAFETY INFORMATION AND PATCH TEST

Before initial use, it is crucial to perform a patch test to ensure you do not have any adverse reactions to the product's ingredients. This product contains active ingredients that may cause a tingling sensation.

Patch Test Procedure:

1. Apply a small amount of the product to a discreet area of skin, such as the inside of your elbow or behind your ear.
2. Wait approximately 20 minutes.
3. Observe the tested area for any signs of discomfort, such as excessive swelling, redness, or itching. A mild tingling sensation is normal.
4. If severe irritation or an allergic reaction (anaphylaxis) occurs, discontinue use immediately and consult a healthcare professional. If no significant discomfort is observed, the product can be used as directed.

SETUP AND PRODUCT IDENTIFICATION

The Sonew Lip Plumper Set includes two distinct formulas designed for different times of day. It is important to identify each product before application.

Ginger lip plumper will give you a strong feeling
With a great effect of increasing lip fullness
Suitable for daily use

Use the **minty lip plumper** at night
Make your lips feel comfortable
Lips will be smoother and softer

Image: The Sonew Lip Plumper Set, showing the Ginger and Minty variants.

- **Ginger Lip Plumper:** Typically features a warmer, often orange-toned packaging or label, indicating its stimulating properties for daytime use.
- **Minty Lip Plumper:** Often has cooler, sometimes white or clear packaging, designed for soothing and smoothing during nighttime use.

OPERATING INSTRUCTIONS

Follow these instructions for optimal results and to maximize the benefits of your Sonew Lip Plumper Set.

General Application

Ensure your lips are clean and dry before applying the lip plumper. Use the integrated applicator wand to apply a thin, even layer directly to your lips.

Daytime Use (Ginger Lip Plumper)

The Ginger Lip Plumper is formulated to provide an intense plumping sensation, working to increase lip fullness and enhance their natural appearance. It is suitable for daily use to achieve a more voluminous look.

MAINTENANCE

Proper care and storage will help maintain the efficacy and shelf life of your lip plumpers.

- **Storage:** Store the lip plumpers in a cool, dry place, away from direct sunlight and extreme temperatures.
- **Sealing:** Ensure the caps are tightly closed after each use to prevent the product from drying out or becoming contaminated.
- **Handling:** Do not dilute the product or mix it with other substances, as this may alter its effectiveness and safety.

TROUBLESHOOTING

Here are solutions to common concerns you might encounter:

- **Mild Tingling Sensation:** A mild tingling or warming sensation upon application, especially with the Ginger Lip Plumper, is normal. This indicates the active ingredients are working to stimulate blood flow and plump the lips.
- **Severe Irritation or Allergic Reaction:** If you experience severe burning, excessive swelling,

persistent redness, or intense itching beyond a mild tingling, discontinue use immediately. Refer to the patch test instructions in the Safety Information section and consult a healthcare professional if symptoms persist.

- **Product Not Dispensing:** Ensure the applicator wand is fully inserted into the tube and twisted gently to pick up the product. If the product is nearly empty, you may need to scrape the sides of the container with the wand to retrieve the remaining contents.
