Bloomingville AH2220

Bloomingville Wool and Cotton Tufted Design Pillow (Model AH2220) User Manual

Comprehensive Guide for Product Use and Care

1. PRODUCT OVERVIEW

The Bloomingville Wool and Cotton Tufted Design Pillow is a decorative accent designed to enhance your living space. Crafted from a blend of wool and cotton, it features a unique tufted geometric pattern in multicolor. This pillow is intended for indoor use and includes a removable cover for maintenance.

2. SETUP

Setting up your Bloomingville pillow is straightforward:

1. **Unpacking:** Carefully remove the pillow from its packaging. Inspect for any shipping damage.
2. **Airing Out:** If a faint, natural wool odor is present, allow the pillow to air out in a well-ventilated area for a few hours.
3. **Placement:** Position the pillow on your sofa, bed, chair, or any desired indoor location. Adjust for optimal comfort and aesthetic appeal.

3. OPERATING INSTRUCTIONS

This pillow is designed for decorative and comfort purposes. No complex operation is required.

- **Intended Use:** Use the pillow to add comfort and style to your indoor living spaces. It can serve as back support, a headrest, or a decorative accent.

- **Removable Cover:** The pillow features a zippered cover. To remove the cover, locate the hidden zipper on the back and gently open it.

4. MAINTENANCE AND CARE

Proper care will help maintain the appearance and longevity of your pillow.

- **Cleaning:** The pillow cover is **Dry Clean Only**. Do not machine wash, tumble dry, bleach, or iron. Consult a professional dry cleaner for best results.
- **Zipper Care:** When removing or re-inserting the cover, handle the zipper gently to prevent damage. Ensure the pillow insert is fully compressed before zipping.
- **General Care:** Avoid prolonged direct exposure to sunlight to prevent color fading. Keep the pillow away from sharp objects or abrasive surfaces that could damage the fabric or tufting.
- **Shedding:** Minor shedding of wool fibers is normal, especially when the pillow is new. This will naturally decrease over time.
- **Snags:** Due to the tufted design, avoid pulling loose threads. If a snag occurs, carefully trim it with scissors rather than pulling.

5. TROUBLESHOOTING

Below are common observations and their resolutions:

Issue	Possible Cause	Solution
Faint Odor	Natural scent of wool fibers, especially when new.	Air out the pillow in a well-ventilated area. The odor will dissipate over time.
Minor Shedding	Normal characteristic of wool and tufted textiles.	This will decrease with use. Gently vacuum or brush the pillow if needed. Avoid excessive friction.
Loose Threads/Snags	Can occur with tufted designs from normal handling.	Do not pull loose threads. Carefully trim them with sharp scissors close to the surface.
Color Fading	Prolonged exposure to direct sunlight.	Position the pillow away from direct sunlight or use window coverings to protect it.
