1. SETUP

1.1 What's in the Box

- Motorola Edge+ (2022) Smartphone

- 30W Rapid Charger
- USB Type-C Cable
- SIM Tray Ejector Tool
- Guides (Quick Start Guide, Safety Information)

1.2 Inserting the SIM Card

1. Power off your device.
2. Locate the SIM tray on the side of the phone.
3. Insert the SIM tray ejector tool into the small hole next to the tray and press gently until the tray pops out.
4. Place your Nano-SIM card(s) into the tray with the gold contacts facing down.
5. Carefully reinsert the tray into the phone.
6. Power on your device.

1.3 Initial Charging and Power On

Before first use, it is recommended to fully charge your Motorola Edge+ (2022) using the provided 30W rapid charger and USB Type-C cable. Connect the charger to the phone's USB-C port and plug it into a power outlet. Once sufficiently charged, press and hold the power button on the side of the device to turn it on.

2. OPERATING YOUR DEVICE

2.1 Display and Navigation

The Motorola Edge+ (2022) features a 6.7-inch OLED display with a 2400 x 1080 resolution and an ultra-smooth 144 Hz refresh rate. Navigation is primarily via the touchscreen interface. The device runs on Android 12.0, offering a familiar and intuitive user experience.

2.3 Battery and Charging

The Motorola Edge+ (2022) is powered by a 4800mAh battery, designed to provide over a full day of usage. It supports both fast wired charging with the included 30W charger and wireless charging capabilities.

2.4 Ready For Platform

Utilize the **Ready For** feature to extend your phone's capabilities. Connect wirelessly to a compatible TV or monitor to play mobile games, conduct video calls, or use your phone's applications on a larger screen.

2.5 Smart Stylus

The device includes a smart stylus for enhanced interaction. Use it for precise note-taking, photo editing, and navigating the interface with greater accuracy.

2.6 Connectivity

The Motorola Edge+ (2022) supports various connectivity options:

- **Cellular:** Unlocked for all major carriers, supporting 4G and 5G (Sub6 NSA, mmWave NSA) networks.
- **Wi-Fi:** Dual-band Wi-Fi (2.4 GHz + 5 GHz) with Wi-Fi Hotspot capability.
- **Bluetooth:** For connecting wireless accessories.
- **NFC:** For contactless payments and quick pairing.
- **GPS:** Built-in GPS with AGPS, Galileo, Glonass, and LTEPP support for accurate location services.
- **Audio Jack:** Features a 3.5 mm audio jack for wired headphones.

3. MAINTENANCE

3.1 Battery Care

To maximize battery lifespan, avoid extreme temperatures and use only approved charging accessories. While the device supports fast charging, occasional slower charging can also benefit battery health. Avoid completely draining the battery frequently.

3.2 Water Resistance

The Motorola Edge+ (2022) has an IP52 rating for water resistance, meaning it is protected against limited dust ingress and splashing water. It is not designed to be submerged in water. Avoid exposing the device to pressurized water, saltwater, or other liquids.

3.3 Software Updates

Regularly check for and install software updates to ensure your device has the latest features, security patches, and performance improvements. Updates are typically found in the device's settings menu under "System updates."

4. TROUBLESHOOTING

4.1 Device Not Responding

If your device becomes unresponsive, press and hold the power button for approximately 10-15 seconds to force a restart. If the issue persists, ensure the battery is charged.

4.2 Connectivity Issues

- **No Network Signal:** Verify your SIM card is correctly inserted. Check your carrier's coverage in your area. Ensure airplane mode is off.
- **Wi-Fi Connection Problems:** Restart your Wi-Fi router. Forget the network on your phone and reconnect. Ensure you are within range.
- **Bluetooth Pairing Issues:** Ensure both devices are in pairing mode and within range. Restart both devices.

4.3 Battery Draining Quickly

High screen brightness, extensive use of GPS, streaming media, and numerous background apps can accelerate battery drain. Adjust settings, close unused apps, and consider using battery saver modes. If battery performance significantly degrades over time, it may indicate normal wear.

5. SPECIFICATIONS

Model Number	PAT60001US
Operating System	Android 12.0
Processor	Qualcomm Snapdragon 8 Gen 1 (3 GHz CPU Speed)
RAM	8 GB
Internal Storage	512 GB
Display Size	6.7 Inches OLED
