## FAMOO S17

# FAMOO Wireless Earbuds User Manual

MODEL: S17

## Introduction

Thank you for choosing FAMOO Wireless Earbuds. These Bluetooth 5.1 headphones are designed to provide a high-fidelity stereo audio experience with extended playtime, robust waterproofing, and intuitive touch controls. This manual will guide you through the setup, operation, and maintenance of your new earbuds.

## What's in the Box

- FAMOO Wireless Earbuds (Left and Right)
- Charging Case
- USB Type-C Charging Cable
- Multiple Sizes of Ear Tips (S, M, L)
- Replacement Earhooks

## Setup

### 1. Charging the Earbuds and Case

Before first use, fully charge the earbuds and the charging case. Place the earbuds into the charging case. Connect the provided USB Type-C cable to the charging port on the case and plug the other end into a compatible USB power source. The LED display will show the charging progress.

## **2. One-step Auto Pairing**

The earbuds feature one-step auto pairing for convenience. Simply open the charging case, and the wireless headphones will automatically connect to the last paired device within a few seconds. For initial pairing or connecting to a new device:

1. Ensure the earbuds are in the charging case and the case is open.
2. On your device (smartphone, tablet, etc.), enable Bluetooth.
3. Look for "S17" in the list of available Bluetooth devices and select it to pair.
4. Once paired, the earbuds will automatically connect to this device when removed from the case.

## Maintenance

### IPX7 Waterproof Rating

The earbuds are equipped with an IPX7 waterproof rating, meaning they can resist daily splashes of water, sweat, and rain. This makes them ideal for sports and travel. However, they are not designed for swimming or prolonged submersion. Ensure the earbuds are dry before placing them back into the charging case to prevent damage.

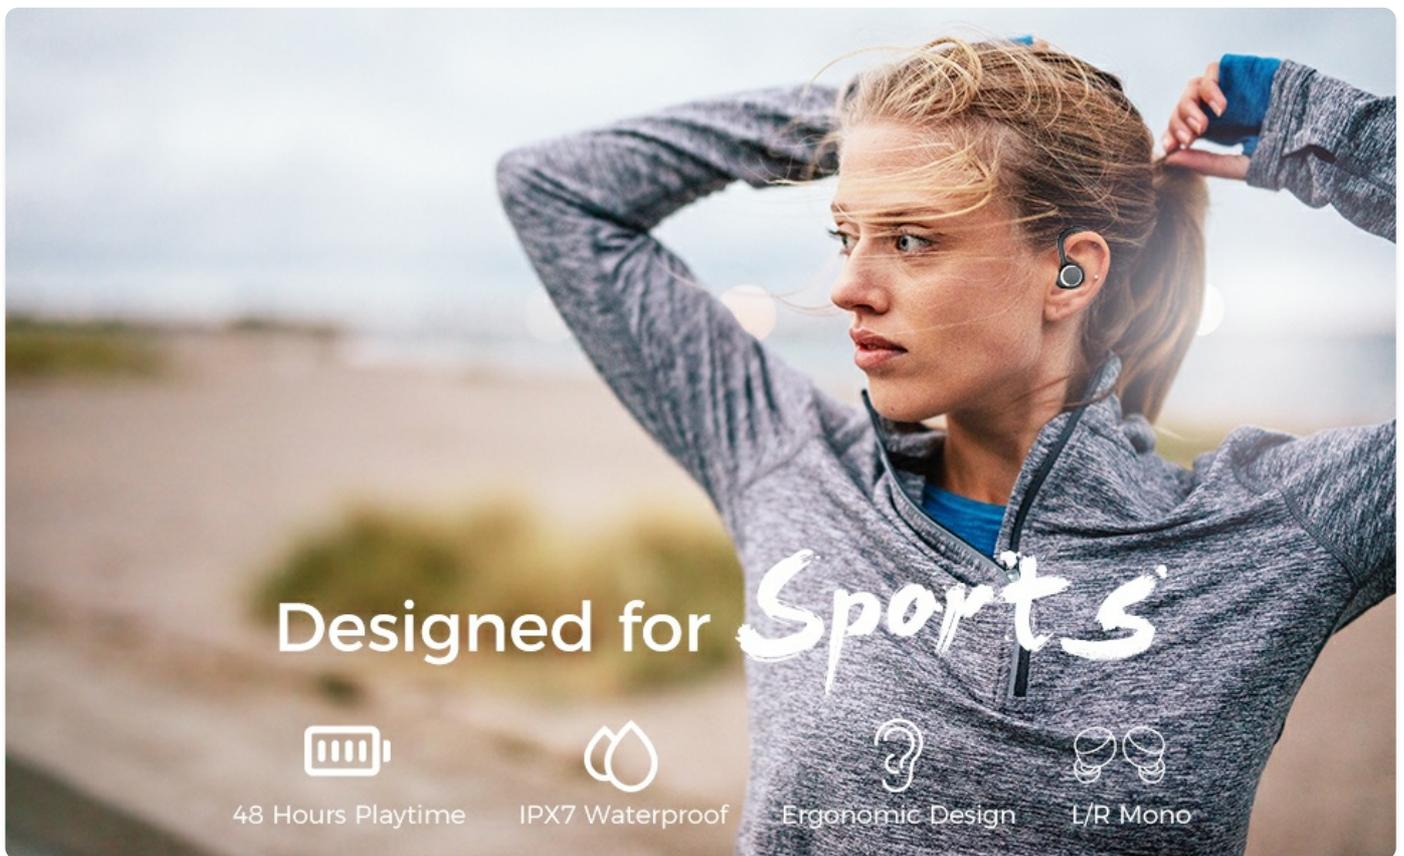

Image: A woman running, illustrating the earbuds' suitability for sports and their IPX7 waterproof rating, which protects against sweat and rain.

## Troubleshooting

- **Earbuds not pairing:** Ensure both earbuds are charged. Place them back in the case, close it, then open it again. Check your device's Bluetooth settings and try re-pairing.
- **Only one earbud working:** Place both earbuds back in the charging case. Ensure they are properly seated and charging. Take them out simultaneously to allow them to connect to each other before connecting to your device.
- **Low volume or poor sound quality:** Ensure the earbuds are fully charged. Adjust the volume on both your device and using the earbud touch controls. Try different sizes of ear tips to ensure a snug fit for optimal sound isolation.
- **Charging case not charging:** Ensure the USB Type-C cable is securely connected to both the case and the power source. Try a different charging cable or power adapter.
