## STABILO 88/14

# STABILO Fineliner point 88 User Manual

Essential information for the use and care of your STABILO Fineliner point 88 pens.

## 1. INTRODUCTION

The STABILO Fineliner point 88 is a versatile and reliable fineliner pen, ideal for writing, drawing, sketching, and structuring texts. Its distinctive hexagonal barrel and metal-cased tip ensure durability and precision.

Image: A pack of 10 STABILO Fineliner point 88 pens, showcasing their vibrant lime green color and iconic design.

### Key Features:

- Hexagonal striped design known all over the world.
- Metal-cased tip for a long service life.
- Line width of 0.4mm for precise work.
- High protection against drying out without cap (for short periods).
- Suitable for use with rulers and stencils.

## 2. SETUP

The STABILO Fineliner point 88 pens are designed for immediate use.

1. Remove the cap from the pen.
2. The pen is now ready for writing or drawing.
3. Always replace the cap firmly after use to prevent the ink from drying out.

## 3. OPERATING INSTRUCTIONS

Using your STABILO Fineliner point 88 is straightforward:

- **Writing and Drawing:** Hold the pen comfortably and apply light pressure to create fine, consistent lines. The 0.4mm tip is ideal for detailed work, outlining, and precise writing.
- **Using with Rulers and Stencils:** The metal-cased tip makes these pens perfect for use with rulers, templates, and stencils without damaging the tip or smudging lines.

## 4. MAINTENANCE

---

Proper care will extend the life of your STABILO Fineliner point 88 pens:

- **Recap After Use:** Always firmly replace the cap on the pen immediately after each use. This is crucial to prevent the ink from drying out.
- **Storage:** Store pens horizontally or tip-down to ensure consistent ink flow. Avoid extreme temperatures.
- **Cleaning:** If the tip accumulates dust or debris, gently wipe it with a damp, lint-free cloth. Do not use harsh chemicals.

## 5. TROUBLESHOOTING

---

If you encounter issues with your STABILO Fineliner point 88, consider the following:

- **Pen Not Writing:** Ensure the cap was replaced properly after the last use. If the tip appears dry, try gently scribbling on a scrap piece of paper to re-prime the ink flow.
- **Faint Lines:** This may indicate low ink levels or a partially dried tip. Ensure the cap is always firmly on when not in use.
- **Ink Smudging:** Allow ink to dry completely on the paper before touching or layering. Drying times can vary based on paper type.

## 6. SPECIFICATIONS

Detailed specifications for the STABILO Fineliner point 88:
