

OPPO OAWV04

OPPO AirVooc 50W Wireless Charger Instruction Manual

Model: OAWV04

INTRODUCTION

This manual provides essential instructions for the safe and efficient use of your OPPO AirVooc 50W Wireless Charger. Please read this manual thoroughly before operating the device and retain it for future reference.

PACKAGE CONTENTS

Verify that all items are present in the package:

- OPPO AirVooc 50W Wireless Charger
- USB Cable

Note: A power adapter is not included and must be purchased separately. For optimal 50W fast charging, use an OPPO SUPERVOOC 80W Power Adapter or a compatible high-wattage adapter.

SAFETY INFORMATION

To ensure safe operation and prevent damage, observe the following precautions:

- Do not disassemble or modify the charger.
- Avoid exposure to water, moisture, or extreme temperatures.
- Keep the charger away from heat sources and direct sunlight.
- Ensure proper ventilation during use.
- This charger includes multiple protection features: overcurrent protection, overvoltage protection, overtemperature protection, undervoltage protection, and electrostatic protection.
- The charger complies with Qi wireless charging standards and includes Foreign Object Detection (FOD) to prevent charging when metal objects are placed on the pad.
- Use only compatible power adapters and cables.

SETUP

1. **Connect the USB Cable:** Insert the USB-C end of the provided cable into the charging port on the back of the OPPO AirVooc Wireless Charger.

Image: Rear view of the OPPO AirVooc 50W Wireless Charger, showing the USB-C input port.

2. **Connect to Power Adapter:** Connect the other end of the USB cable to a compatible power adapter (not included). For 50W fast charging, an OPPO SUPERVOOC 80W Power Adapter is recommended.
3. **Plug into Power Outlet:** Plug the power adapter into a wall outlet. The charger is now ready for use.

OPERATING INSTRUCTIONS

1. **Place Your Device:** Place your wireless charging compatible smartphone (e.g., OPPO Find X5 Pro) onto the charging pad. Ensure the device is centered on the pad for optimal charging.

Image: Side view of the OPPO AirVooc 50W Wireless Charger, illustrating its stand design.

2. **Charging Indicator:** The indicator light on the charger will illuminate to confirm that charging has begun. Your device's screen will also show the charging status.
3. **Fast Charging:** For devices supporting 50W wireless fast charging (like OPPO Find X5 Pro), the charger will automatically deliver the maximum supported power. Charging speed may vary based on the device, battery level, and environmental conditions.
4. **Foreign Object Detection (FOD):** If a metal object is detected on the charging pad, the charger will not initiate charging and the indicator light may flash to alert you. Remove any foreign objects before placing your device.

MAINTENANCE

- **Cleaning:** Disconnect the charger from the power source before cleaning. Use a soft, dry cloth to wipe the surface. Do not use liquid cleaners or aerosols.
- **Storage:** Store the charger in a cool, dry place when not in use.

Troubleshooting

Problem	Possible Cause	Solution
Device not charging	Device not properly aligned.	Re-position device to center it on the pad.
	Foreign object on charging pad.	Remove any metal objects (keys, coins, credit cards) from the pad.
	Incompatible device.	Ensure your device supports Qi wireless charging.
	Power adapter or cable issue.	Check power adapter and USB cable connections. Try a different adapter/cable if available.
Slow charging	Incompatible power adapter.	Use an OPPO SUPERVOOC 80W Power Adapter for 50W fast charging.
	Device case thickness.	Remove thick phone cases.
	Background apps on device.	Close unnecessary background applications on your device.
Charger indicator light flashing	Foreign object detected (FOD).	Remove any metal objects from the charging pad.

Specifications

Brand	OPPO
Model Name	AirVooc 50W wireless charger
Model Number	OAWV04 White
Color	White
Input Voltage	20 Volts
Output Power	50 Watts
Output Current	3.5 Amperes
Output Voltage	500 Volts (Note: This value seems unusually high for a charger output voltage and might be a data entry error in the source. Typically, output voltage for USB-C PD or wireless charging is much lower, e.g., 5V-20V. Users should refer to official product documentation for precise electrical specifications.)
Compatible Devices	Mobile Phones (OPPO phones compatible with AirVOOC, e.g., Oppo Find X5 Pro)
Wireless Charging Standard	Qi
Connectivity Technology	Wireless
Connector Type	USB Type C (for input)
Material	Plastic
Item Weight	180 Grams
Form Factor	Pad / Stand

Warranty and Support

Warranty: This OPPO AirVooc 50W Wireless Charger comes with a **2-year manufacturer warranty** from the date of purchase. Please retain your proof of purchase for warranty claims. The warranty covers defects in materials and workmanship under normal use. It does not cover damage caused by misuse, accidents, unauthorized modifications, or external causes.

Customer Support: For technical assistance, warranty claims, or further information, please visit the official OPPO support website or contact your local OPPO customer service center.
