- Distribute weight evenly across seating surfaces.

5. CARE AND MAINTENANCE

Proper care will help maintain the appearance and extend the life of your patio set.

- **Aluminum Frame:** Clean the powder-coated aluminum frame with a soft cloth and mild soap and water. Rinse thoroughly and dry completely to prevent water spots. Avoid abrasive cleaners or harsh chemicals.
- **Cushions:** The cushions are made with sunproof, water-resistant, and stain-resistant fabric. For general cleaning, spot clean with a mild soap solution and a soft brush or cloth. Rinse thoroughly and allow to air dry completely before storing or replacing on the furniture. Removable covers can be machine washed on a gentle cycle with cold water and air dried. Do not bleach or tumble dry.
- **Storage:** During off-seasons or periods of prolonged non-use, it is recommended to store cushions indoors and cover the furniture with a breathable outdoor furniture cover to protect it from elements.
- **Hardware:** Periodically check all bolts and screws to ensure they remain tight. Re-tighten as needed.
