Modway Tahoe Aluminum Outdoor Patio Sofa Instruction Manual

Model: Tahoe Outdoor Patio Powder-Coated Aluminum Sofa (Gray White)

INTRODUCTION

This manual provides essential information for the proper setup, operation, maintenance, and troubleshooting of your Modway Tahoe Aluminum Outdoor Patio Sofa. Please read these instructions carefully before assembly and use to ensure safety and optimal performance of your product.

SAFETY INFORMATION

- Ensure all components are securely fastened before use.
- Do not exceed the maximum weight capacity of 993 lbs.
- Keep children and pets away from the assembly area.
- Avoid placing the sofa on uneven surfaces to prevent tipping.
- This product is intended for outdoor use.

SETUP

Unpacking and Component Check

Carefully unpack all components from the packaging. Lay them out on a soft, clean surface to prevent scratches. Verify that all parts listed in the packing list are present and undamaged.

Assembly Instructions

Assembly is required for this product. It is recommended to have two people for assembly. Follow the included

step-by-step assembly guide. Ensure all bolts and screws are tightened securely, but do not overtighten until all parts are aligned. The aluminum frame is lightweight for repositioning, but ensure it is stable after assembly.

Figure 2: Sofa dimensions and key features

Placement

Place the sofa on a flat, stable surface. The non-marking foot glides are designed to protect your deck or patio floor. Avoid dragging the sofa across rough surfaces to prevent damage to the glides or frame.

OPERATING INSTRUCTIONS

The Modway Tahoe Outdoor Patio Sofa is designed for comfortable outdoor seating. Simply sit and relax. The cushions are dense foam padded for comfort.

MAINTENANCE

Frame Care

The powder-coated aluminum frame is rust and corrosion-resistant. Clean the frame with a soft cloth and mild soap and water. Rinse thoroughly and dry completely to prevent water spots.

Cushion Care

The cushions are made with sunproof, water-resistant, and stain-resistant fabric. For general cleaning, wipe with a damp cloth. For tougher stains, the removable covers can be unzipped and cleaned according to the fabric care instructions on the label. Allow cushions to dry completely before reattaching or storing.

Storage

During prolonged periods of non-use or harsh weather conditions, it is recommended to store cushions indoors or cover the entire sofa with a protective outdoor furniture cover to extend its lifespan.

TROUBLESHOOTING

- **Sofa feels unstable:** Check all assembly bolts and screws to ensure they are tightened. Ensure the sofa is on a level surface.
- **Cushions appear dirty:** Refer to the "Cushion Care" section for cleaning instructions.
- **Frame scratches:** Minor scratches on the aluminum frame can be touched up with appropriate outdoor furniture paint.
