6. CARE AND CLEANING (MAINTENANCE)

Maintaining your Lakota Modern Dog Crate is simple, ensuring a hygienic environment for your pet.

- **Cushion Covers:** The cushion covers are made from certified hypoallergenic fabric materials that are easy to wash and clean. Remove the cover from the cushion and machine wash according to the fabric care instructions (typically cold water, gentle cycle). Air dry or tumble dry on low.
- **Wood Surfaces:** Wipe down the wooden surfaces with a soft, damp cloth. Avoid using harsh chemicals or abrasive cleaners, as these can damage the wood finish.

7. TROUBLESHOOTING

If you encounter any issues with your Lakota Modern Dog Crate, please refer to the following common solutions:

- **Instability:** If the crate feels wobbly, ensure all assembly screws and interlocked parts are fully tightened. Refer to the digital assembly instructions for correct alignment.
- **Door Latch Issues:** If the door latch does not secure properly, check for any obstructions or misalignment. Ensure the doors are correctly installed and aligned with the frame.
- **Missing or Damaged Parts:** If any parts are missing or damaged upon arrival, please contact WLO Wood customer service immediately for assistance.

- **Color Discrepancy (Door Panels):** Some customers have noted that the plastic door pieces may come in white instead of clear. This is a product variation and does not affect functionality.
