& Support

1. INTRODUCTION

This manual provides essential instructions for the installation, operation, and maintenance of your DriveLink 7-inch Portable Wireless Apple CarPlay and Android Auto Screen. Please read this manual thoroughly before using the product to ensure proper function and safety.

2. SAFETY INFORMATION

Always prioritize safety while operating your vehicle. Do not attempt to adjust settings or interact with the screen in a way that distracts you from driving. Ensure the device is securely mounted and does not obstruct your view or interfere with vehicle controls. Disconnect power if the device malfunctions or is damaged.

3. PACKAGE CONTENTS

Verify that all items are present in the package:

- DriveLink 7-inch Portable Wireless Apple CarPlay and Android Auto Screen (x1)
- AUX Cable (x1)
- Power Cable (x1)
- Suction Cup Mount (x1)
- User Manual (x1)

Stronger, faster and more stable

Faster execution speed, more stable wireless connection, more sensitive touch, improved FM connection speed, improved AUX noise reduction

4. SETUP

4.1 Mounting the Device

The DriveLink screen can be mounted on your dashboard or windshield using the provided suction cup mount. Ensure the mounting surface is clean and dry for optimal adhesion.

1. Attach the screen to the suction cup mount by aligning the slots and pressing firmly until it clicks into place.
2. Position the mount on your desired surface (dashboard or windshield), ensuring it does not obstruct your view or vehicle controls.
3. Press the suction cup firmly against the surface and engage the locking lever to secure it.
4. Adjust the screen angle for optimal viewing.

Dashboard or Windshield Mounted

4.2 Power Connection

Connect the provided power cable to the DC input port on the side of the screen and plug the other end into your vehicle's 12V accessory (cigarette lighter) port. The device will power on automatically or can be turned on/off using the button on the power adapter.

5. OPERATION

5.1 Wireless Apple CarPlay and Android Auto

The DriveLink screen supports both wireless Apple CarPlay and Android Auto for seamless smartphone integration.

Wireless Carplay Touchscreen for All Automobile

Solve the troubles of auto without Carplay

Apple Carplay | Airplay | Android Auto | Android Autolink

Support the
latest iOS
system

Image: DriveLink screen displaying options for Android Auto, Apple CarPlay, FM Transmitter, Bluetooth Music, and Bluetooth Phone.

5.1.1 Connecting to Apple CarPlay (Wireless)

1. On the DriveLink screen, select 'Apple CarPlay'.
2. On your iPhone, go to **Settings > Bluetooth**.
3. Ensure Bluetooth is enabled and search for available devices.
4. Select the device named 'DriveLink-BT-XXXX' (XXXX will be a unique identifier) and pair your iPhone.
5. Confirm the pairing request on both devices.
6. Once paired, Apple CarPlay will launch automatically on the DriveLink screen.

5.1.2 Connecting to Android Auto (Wireless)

1. On the DriveLink screen, select 'Android Auto'.
2. On your Android phone, ensure Bluetooth is enabled and search for available devices.
3. Select the device named 'DriveLink-BT-XXXX' and pair your phone.
4. Confirm the pairing request on both devices.
5. Android Auto will launch automatically on the DriveLink screen.

5.2 MirrorLink / AutoLink (Screen Mirroring)

The device supports screen mirroring for both iOS (iOSMirror) and Android (AutoLink) devices, allowing you to display your phone's screen directly on the DriveLink unit.

1. From the main menu, select 'i-Play' for iOS or 'A-Link' for Android.
2. Follow the on-screen instructions to connect your smartphone via Wi-Fi or USB for screen mirroring.

5.3 FM Transmitter

To transmit audio from the DriveLink screen to your car's stereo system wirelessly, use the FM Transmitter function.

1. Select 'FM Transmitter' from the main menu.
2. Choose an unused FM frequency on the DriveLink screen.
3. Tune your car's FM radio to the same frequency.
4. Audio from the DriveLink screen will now play through your car's speakers.

Image: DriveLink screen displaying the FM Transmitter interface, showing frequency selection and an external radio tuned to the same frequency.

5.4 Voice Control

Utilize voice commands for hands-free operation through integrated virtual assistants like Siri or Google Assistant.

1. Ensure your smartphone is connected via Apple CarPlay or Android Auto.
2. Activate your phone's voice assistant (e.g., by saying "Hey Siri" or "Hey Google" or pressing the voice command button on the screen/steering wheel if available).
3. Issue commands for navigation, music playback, calls, and more.

Siri Voice Control

Hey! Siri, voice navigation, making calls, playing music, etc. for easy operation and safe driving

Image: DriveLink screen displaying the Apple CarPlay interface with a Siri voice control icon and examples of voice commands.

5.5 Settings and Customization

Access the settings menu to customize various aspects of your DriveLink screen.

1. From the main menu, tap the 'Settings' icon.
2. Navigate through tabs like 'General', 'EQ' (Equalizer), and 'Sound'.
3. Adjust language, radio area, backlight settings (day/night mode), and other preferences.

5.6 Official Product Video

Your browser does not support the video tag.

Video: An overview of the DriveLink Carplay Screen, demonstrating its features and functionality.

6. MAINTENANCE

6.1 Cleaning

To clean the screen, use a soft, lint-free cloth. For stubborn smudges, lightly dampen the cloth with water or a screen-safe cleaner. Avoid abrasive materials or harsh chemicals that could damage the screen or casing.

6.2 Storage

When not in use for extended periods, store the device in a cool, dry place away from direct sunlight and extreme temperatures. If removing the device from your vehicle, detach it from the mount and store it safely.

7. TROUBLESHOOTING

- **Device does not power on:** Ensure the power cable is securely connected to both the device and the vehicle's 12V accessory port. Check the vehicle's fuse for the accessory port.
- **Cannot connect to Apple CarPlay/Android Auto:** Verify that Bluetooth and Wi-Fi are enabled on your smartphone. Ensure the correct device is selected for pairing. Restart both the DriveLink screen and your smartphone.
- **Poor audio quality via FM Transmitter:** Try different FM frequencies to find one with less interference. Ensure the volume on both the DriveLink screen and your car stereo is adjusted appropriately. Connecting via AUX cable may provide better sound quality.
- **Touchscreen unresponsive:** Power cycle the device. If the issue persists, contact customer support.

8. SPECIFICATIONS

Feature	Specification
Item Weight	1.92 pounds
Product Dimensions	7.01 x 4.29 x 0.71 inches
Display Size	7 Inches
Resolution	1024 x 600
Connectivity Technology	Auxiliary, Bluetooth, USB
Mounting Type	Dashboard Mount
Operating System	Android
Special Feature	Touchscreen

9. WARRANTY & SUPPORT

9.1 Warranty Information

For detailed warranty information, please refer to the documentation included with your product packaging or contact the manufacturer directly. The warranty period is typically 1 year from the date of purchase.

9.2 Customer Support

If you encounter any issues or have questions not covered in this manual, please contact DriveLink customer support through the retailer's platform or the manufacturer's official website for assistance.
