HITHOS B09TPJDDWQ

HITHOS King Size Bed Frame Instruction Manual

Model: B09TPJDDWQ
Brand: HITHOS

Introduction

Thank you for choosing the HITHOS King Size Bed Frame. This upholstered bed frame features a button-tufted headboard, a heavy-duty metal mattress foundation, and wooden slats, designed for easy assembly and to eliminate the need for a box spring. This manual provides detailed instructions for assembly, usage, maintenance, and specifications to ensure a safe and enjoyable experience with your new bed frame.

Please read this manual thoroughly before beginning assembly and keep it for future reference.

Safety Information

- Always follow the assembly instructions carefully.
- Do not exceed the maximum weight limit of**1000 lbs**.
- Ensure all bolts and screws are securely tightened before use. Periodically check and re-tighten as necessary.
- Keep small parts away from children during assembly to prevent choking hazards.
- Assemble the bed frame on a soft, clean surface to prevent damage to the product or your floor.

Parts List

Before assembly, verify that all components are present and undamaged. All necessary parts and tools are conveniently located in a zippered compartment behind the headboard.

- Upholstered Headboard (with button tufting)
- Upholstered Footboard
- Side Rails (metal frame)
- Support Legs
- Wooden Slats (12 pieces)
- Hardware Pack (bolts, washers, nuts, Allen wrench)

Setup and Assembly

The HITHOS King Size Bed Frame is designed for easy assembly. Follow these steps carefully:

1. **Unpack Components:** Open the package and carefully remove all parts. The hardware and tools are typically found in a zippered compartment behind the headboard.
2. **Assemble Headboard and Footboard:** Attach the support legs to the headboard and footboard using the provided hardware. Ensure they are securely fastened.
3. **Connect Side Rails:** Connect the side rails to the headboard and footboard. Make sure the connections are firm and stable.
4. **Install Wooden Slats:** Place the wooden slats across the bed frame. The slats provide strong, rigid support for your mattress, eliminating the need for a box spring. Ensure each slat is properly seated and secured if applicable.
5. **Final Tightening:** Once all parts are in place, double-check and tighten all bolts and screws to ensure the frame is stable and secure.

No additional tools or parts are needed beyond what is supplied. Enjoy the process of assembling your new bed frame.

Operating and Usage

Your HITHOS King Size Bed Frame is designed for comfort and convenience.

- **Mattress Compatibility:** This platform bed frame is designed to be used without a box spring. Simply place your mattress directly on the wooden slats. It is compatible with mattresses 8-12 inches thick.
- **Under-bed Storage:** The frame provides approximately 9.6 inches of clearance beneath the bed, offering convenient storage space for boxes, clothes, or shoes to help keep your room tidy.
- **Headboard Comfort:** The upholstered, button-tufted headboard, made of high-quality velvet wrapped with high-resilience sponge, provides a comfortable backrest for reading or using an iPad in bed.

Maintenance

To maintain the appearance and longevity of your HITHOS King Size Bed Frame, follow these simple care instructions:

- **Cleaning:** Wipe the metal frame and upholstered surfaces with a dry cloth. Avoid using harsh chemicals or abrasive cleaners, which can damage the finish or fabric.
- **Regular Inspection:** Periodically check all connections (bolts, screws) and re-tighten them if they have loosened over time to ensure stability and prevent squeaking.
- **Avoid Excessive Moisture:** Keep the bed frame in a dry environment to prevent damage to the wooden slats and metal components.

Troubleshooting

If you encounter any issues with your bed frame, consider the following common solutions:

- **Squeaking Noises:** Check all bolts and screws. Tighten any loose connections. Ensure wooden slats are properly seated and not rubbing against the frame. The frame includes sound-absorbing sponge to minimize noise.
- **Instability/Wobbling:** Verify that all components are correctly assembled according to the instructions. Ensure the bed frame is on a level surface. Re-tighten all hardware.
- **Missing Parts:** If you believe parts are missing, carefully check the zippered compartment behind the headboard and all packaging materials. If parts are still missing, contact HITHOS customer support.
