# BRIO Builder 34599 Volvo Hauler Instruction Manual

Model: 63459900

## INTRODUCTION

This instruction manual provides detailed guidance for the assembly, operation, and maintenance of your BRIO Builder 34599 Volvo Hauler. Designed for children aged 3 years and up, this construction toy combines high-quality wood and plastic components to foster creativity, logical thinking, and problem-solving skills through open-ended play.

The Volvo Hauler features realistic play functions, including a dumping mechanism and a battery-operated warning light, offering an engaging and educational experience.

## SAFETY INFORMATION

**WARNING: Not suitable for children under 36 months due to small parts. Choking hazard.**

- Always supervise children during play.
- Ensure all components are securely fastened during assembly and play.
- Keep small parts away from young children.
- Batteries should be inserted with the correct polarity. Do not mix different types of batteries or new and used batteries. Exhausted batteries should be removed from the toy.

## WHAT'S IN THE BOX

Your BRIO Builder 34599 Volvo Hauler set includes the following components:

- 1x Plier
- 1x Battery Light
- 52x Play Components (various wood and plastic pieces, wheels, connectors)
- 1x Instruction Manual

Image: The back of the product packaging illustrating all 55 included pieces and initial assembly steps.

## ASSEMBLY INSTRUCTIONS

Follow these step-by-step instructions to assemble your BRIO Builder Volvo Hauler. An easy-to-use plier tool is included to assist with connecting components.

1. Identify all components as listed in the 'What's in the Box' section.
2. Begin by connecting the wooden and plastic frame pieces using the provided connectors and the plier tool. The plier tool helps to push and pull the connecting pegs securely into place.

Image: Close-up view of the plier tool in action, demonstrating how to connect two toy components.

3. Attach the six wheels to the designated axles on the hauler's chassis. Ensure they spin freely.
4. Assemble the cab structure and attach it to the front section of the hauler.
5. Integrate the dumping bed mechanism to the rear section of the hauler, ensuring it can pivot smoothly.
6. Install the battery light on top of the cab. This requires 2 LR44 batteries (not included). Refer to the 'Operating Instructions' for battery installation.

For a visual guide to assembly and features, please refer to the official product videos below.

## OPERATING INSTRUCTIONS

---

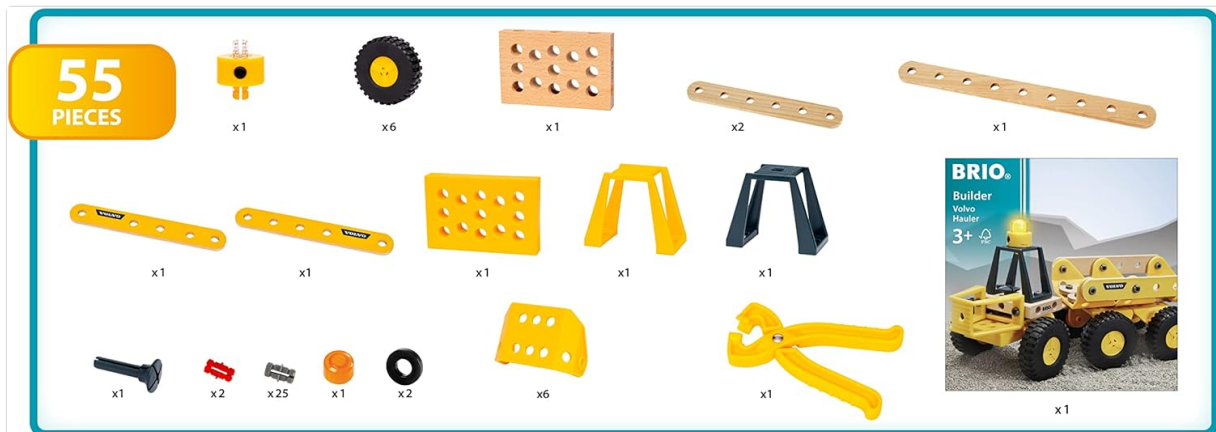

### 1. Steering

The front section of the hauler is designed to articulate, allowing for steering. Gently turn the front cab left or right to change the direction of the vehicle.

## 2. Dumping Function

The rear bed of the hauler can be lifted to simulate dumping its contents. Manually raise the bed to unload materials. Ensure the bed is fully lowered and secured before transporting items.

### 3. Battery Warning Light

The warning light on top of the cab requires 2 LR44 batteries. To install or replace batteries, carefully remove the light unit from its peg. Open the battery compartment, insert the batteries with correct polarity, and close the compartment. Press the button on the light unit to activate the flashing warning light.

## MAINTENANCE

- Regularly inspect all components for wear and tear.
- Clean the toy with a damp cloth. Do not immerse in water.
- Ensure all connections are tight. If any pegs become loose, use the plier tool to re-secure them.
- Store the toy in a dry place away from direct sunlight to prevent material degradation.

- Replace batteries in the warning light as needed to maintain functionality.

## TROUBLESHOOTING

---

### 1. Light Not Working

- Check if batteries are inserted correctly (polarity).
- Replace with new LR44 batteries.
- Ensure the light unit is securely attached to the cab.

### 2. Difficulty Connecting Pieces

- Ensure the plier tool is used as instructed to provide leverage.
- Align holes carefully before attempting to insert pegs.
- If pieces are stiff, gentle wiggling while applying pressure can help.

### 3. Wheels Not Rolling Smoothly

- Check for any debris or obstructions around the axles.
- Ensure wheels are properly attached and not rubbing against other components.

## SPECIFICATIONS

---

Feature	Detail
Product Dimensions	12.2 x 3.54 x 7.87 inches
Item Weight	2.56 pounds
Item Model Number	63459900
Manufacturer Recommended Age	3 years and up
Batteries Required	2 LR44 batteries (for warning light)
Materials	FSC-certified European beech wood, high-quality plastics
Release Date	September 1, 2022
