tectake NEW ORLEANS 12-Person Poly Rattan and Aluminum Garden Furniture Set

Model: 403847-2 | Brand: tectake

INTRODUCTION

This manual provides comprehensive instructions for the assembly, safe operation, and proper maintenance of your tectake NEW ORLEANS 12-person poly rattan and aluminum garden furniture set. Please read all instructions carefully before assembly and use to ensure safety and optimal performance of your furniture.

The NEW ORLEANS garden set is designed for outdoor use, offering seating for 8 to 12 people. It features a lightweight yet durable braided resin construction with an aluminum frame, combining elegance with resilience for your outdoor space.

SAFETY INSTRUCTIONS

- Assemble the furniture with caution, ensuring all components are correctly aligned and securely fastened.
- Protect the furniture from extreme weather conditions (heavy rain, strong winds, prolonged direct sunlight, frost) to ensure long-term durability. Use the provided protective cover when not in use or during adverse weather.
- Do not exceed the maximum weight capacities: 150 kg for chairs and stools, 75 kg for the table.
- Ensure the furniture is placed on a stable, level surface to prevent tipping.
- Keep children away from the assembly area and ensure all small parts are out of their reach.
- Regularly check all screws and connections to ensure they remain tight. Retighten if necessary.
- Avoid placing hot items directly on the glass table surface without protection.
- Do not stand or climb on the furniture.

PACKAGE CONTENTS

Before beginning assembly, verify that all parts listed below are present and undamaged. If any parts are missing or damaged, please contact customer service.

- 8 x Armchairs with seat and back cushions
- 4 x Stools with seat cushions
- 2 x Sets of cushion covers (e.g., grey and beige)
- 1 x Table with 8 glass plates
- 1 x Protective cover

- Assembly hardware and tools (if applicable)

SETUP AND ASSEMBLY

The tectake NEW ORLEANS garden furniture set is designed for straightforward assembly. It is recommended to have two people for assembly to ensure stability and ease.

Preparation:

1. Unpack all components and lay them out on a clean, soft surface to prevent scratches.
2. Identify all parts against the package contents list.
3. Ensure you have the necessary tools (usually an Allen key is provided, but a screwdriver might be useful).

Assembly Steps:

1. **Assemble the Chairs:** Attach the backrests and side panels to the seat frame using the provided screws. Do not fully tighten screws until all parts are aligned.
2. **Assemble the Stools:** Attach the side panels to the stool frame.

3. **Assemble the Table:** Construct the table frame. Place the 8 tempered glass plates into the designated slots on the table surface.
4. **Final Tightening:** Once all furniture pieces are assembled and aligned, fully tighten all screws.
5. **Add Cushions:** Place the seat and back cushions onto the chairs and stools. The cushions are hydrofuges (water-repellent) and come with two sets of removable covers for customization.

The furniture features an aluminum structure and high-quality poly rattan, ensuring durability and resistance to outdoor elements. Plastic feet protect your flooring.

OPERATING INSTRUCTIONS

Arrangement and Use:

- The set is designed to accommodate 8 to 12 people. The 8 chairs and 4 stools provide flexible seating options.
- For space optimization, the chairs and stools can be neatly tucked under the table when not in use, creating a compact unit.
- The tempered glass plates on the table are removable for easy cleaning and rearrangement.

RÉSISTANT AUX INTEMPÉRIES

Housses polyester
déperlantes

Vis en acier
100% inoxydables

Structure aluminium
ultra légère

MAINTENANCE

Cleaning the Furniture Frame:

- Wipe the poly rattan and aluminum frame with a soft cloth dampened with mild soap and water.
- Rinse thoroughly with clean water and dry completely to prevent water spots.
- Avoid using abrasive cleaners, harsh chemicals, or stiff brushes, as these can damage the material.

Cushion Care:

- The cushion covers are removable and water-repellent. They can be machine washed according to the care label instructions (typically cold water, gentle cycle).
- Allow cushion covers to air dry completely before reattaching them to the cushions.
- Store cushions indoors during prolonged periods of rain or when not in use to extend their lifespan.

Protective Cover:

- Use the included protective cover to shield the entire furniture set from dust, dirt, and adverse weather conditions when not in

use.

- Ensure the furniture is clean and dry before covering to prevent mold or mildew growth.

Figure 5: The garden furniture set protected by its cover.

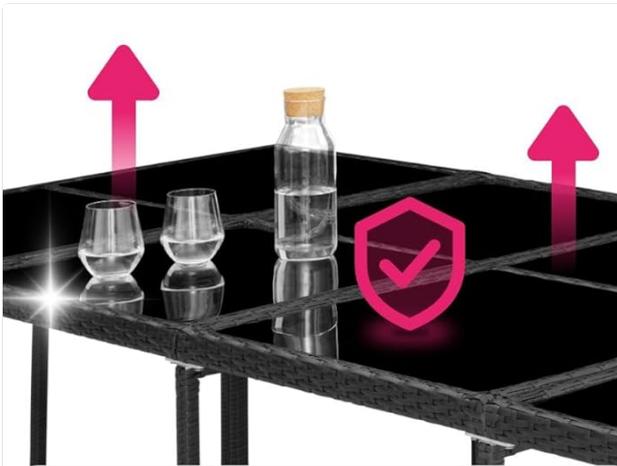

TROUBLESHOOTING

- **Wobbly Furniture:** Check all screws and connections. Tighten any loose fasteners. Ensure the furniture is on a level surface.
- **Cushion Discoloration/Mildew:** Ensure cushions are stored dry. Clean covers regularly. If mildew appears, clean with a diluted bleach solution (test on an inconspicuous area first) or a specialized fabric cleaner.
- **Rattan Damage:** Small damages to the poly rattan can sometimes be repaired with a suitable adhesive. For significant damage, contact customer support.
- **Glass Plate Issues:** If glass plates are scratched or broken, they may need replacement. Contact customer support for spare parts.
