

## SpaRoom Sonoma

# SpaRoom Sonoma White Ceramic Ultrasonic Essential Oil Diffuser Instruction Manual

## 1. INTRODUCTION

The SpaRoom Sonoma White Ceramic Ultrasonic Essential Oil Diffuser is designed to enhance your environment with aromatic mist. This elegant diffuser features a modern white ceramic design with a 100 mL water tank and automatic shut-off for safety. It provides continuous mist for up to 4 hours and intermittent misting for up to 6 hours at 30-second intervals, covering small rooms up to 100 sq. ft.

## 2. SAFETY INFORMATION

Always unplug the diffuser when not in use and before cleaning. Place the diffuser on a stable, level surface to prevent spills. Keep out of reach of children and pets. Ensure proper ventilation during use. The diffuser has an automatic safety shut-off feature.

## 3. PACKAGE CONTENTS

- SpaRoom Sonoma Diffuser
- USB Cord
- Instruction Manual

## 4. PRODUCT OVERVIEW

The Sonoma diffuser features a sleek white ceramic exterior with a faux wood base, designed to complement various home decors. Its ultrasonic technology silently disperses essential oils, creating a calming and aromatic atmosphere.

# Sleek and Modern Design

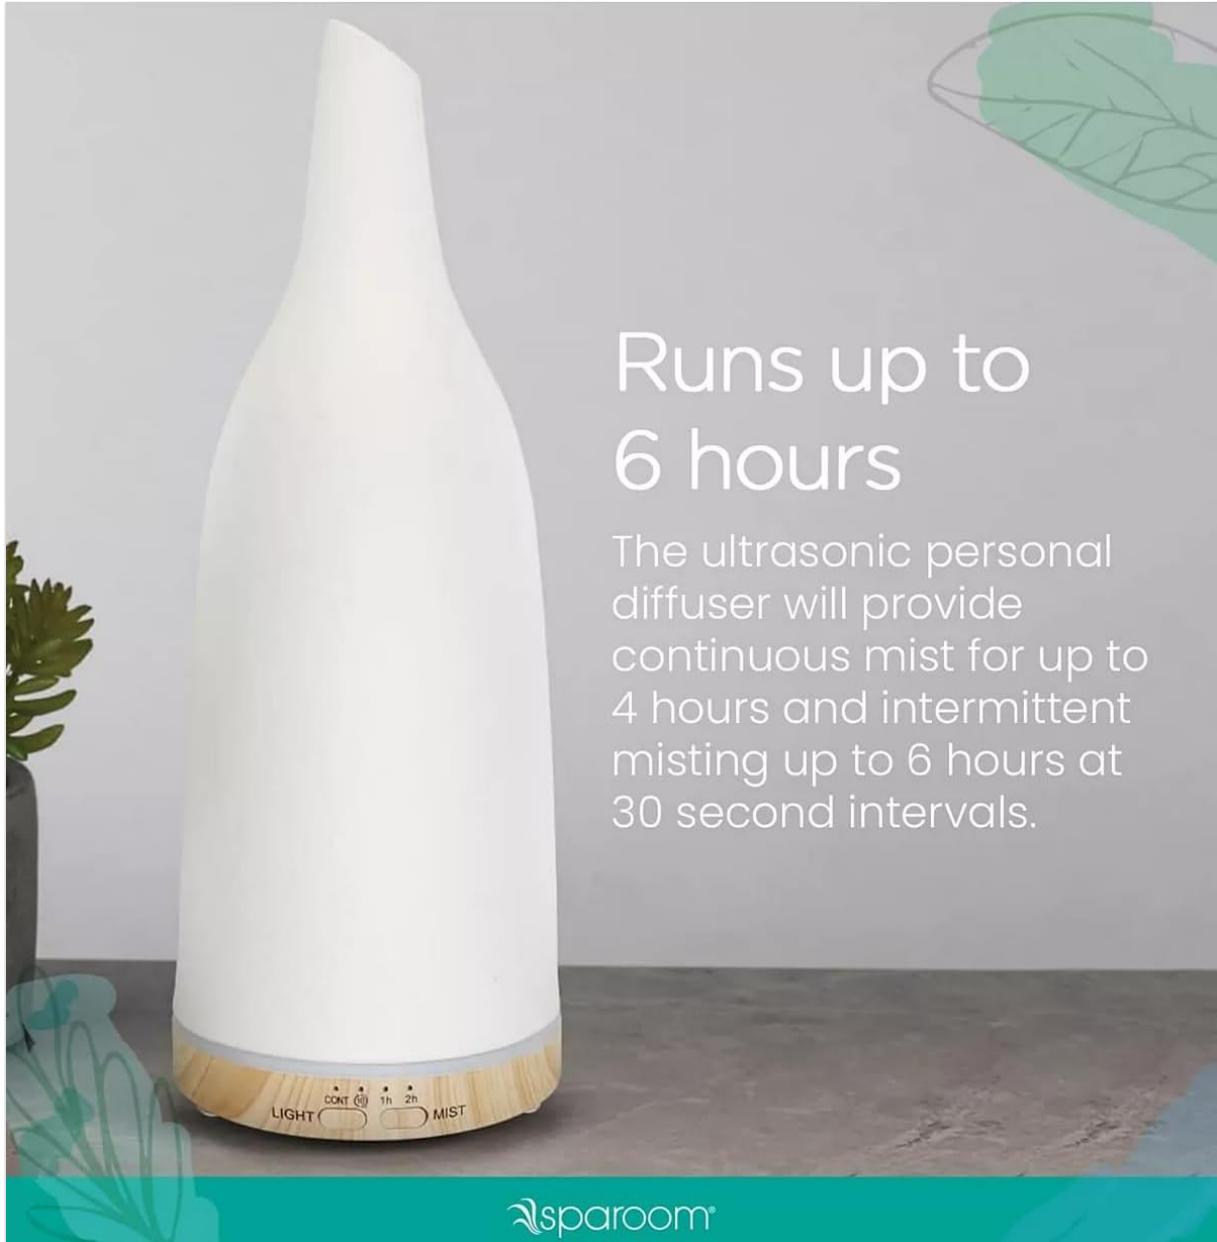

A beautiful white crème ceramic diffuser complements any style room décor with its modern shape and neutral design!

The diffuser's sleek and modern design blends seamlessly with home decor.

## 5. SETUP

1. Remove the diffuser from its packaging.
2. Clean all removable parts with warm, soapy water.
3. Fill the water tank with up to 100 ml of water.
4. Add 1-3 drops of essential oils to the water.
5. Connect the diffuser to a power source using the included USB cord.
6. Press the power button to start diffusing (for 4 hours continuously or 8 hours intermittently).
7. Ensure the diffuser is placed on a stable, level surface to prevent spills.
8. Unplug the diffuser when not in use and before cleaning.

## Runs up to 6 hours

The ultrasonic personal diffuser will provide continuous mist for up to 4 hours and intermittent misting up to 6 hours at 30 second intervals.

Visual guide illustrating the simple three-step setup process for the diffuser.

## 6. OPERATING INSTRUCTIONS

The diffuser offers two mist modes: continuous mist for up to 4 hours and intermittent misting for up to 6 hours (30-second intervals). It features an automatic safety shut-off when the water level is low, ensuring safe operation.

The diffuser can run for up to 6 hours with intermittent misting.

## 7. MAINTENANCE

Regular cleaning is essential for optimal performance. Unplug the diffuser before cleaning. Gently wipe the exterior with a soft, damp cloth. For the water tank, use a cotton swab with a small amount of rubbing alcohol to clean the ultrasonic plate. Rinse the tank with clean water and dry thoroughly. Do not use harsh detergents or abrasive materials.

## 8. TROUBLESHOOTING

- **No Mist/Weak Mist:** Ensure the water tank is filled to the maximum line and essential oils are added. Check that the diffuser is properly assembled and powered on.
- **Leaking:** Verify the diffuser is placed on a stable, level surface. Ensure the lid is securely in place. Do not overfill the water tank beyond the maximum fill line.
- **Buttons Not Responding:** Ensure the power cord is securely connected. If issues persist, unplug and replug the device.

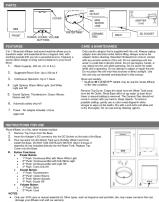

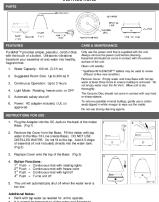

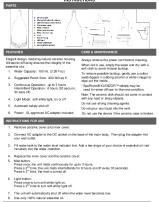

## 9. SPECIFICATIONS

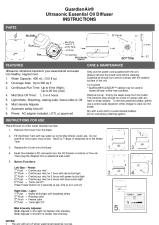

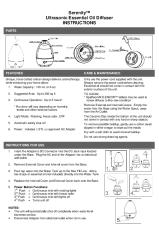

<b>Brand</b>	SpaRoom
<b>Model Name</b>	Sonoma
<b>Capacity</b>	100 Milliliters
<b>Coverage</b>	100 Square Feet
<b>Power Source</b>	Corded Electric
