3. SETUP

1. **Unpack Components:** Carefully remove all game components from the box.
2. **Prepare Dance Move Cards:** Shuffle the 21 Dance Move Cards thoroughly and place them in a single deck, face down, in the center of the playing area. Ensure the deck is within easy reach of all players.
3. **Position Body Part Spinner:** Place the Body Part Spinner next to the card deck, ensuring it is accessible and visible to all players.
4. **Gather Players:** All players should sit or stand comfortably around the playing area.

4. OPERATING INSTRUCTIONS: HOW TO PLAY

Follow these steps to play Ridley's Neon Kick Dance Party Game:

1. **Select the DJ:** One player is chosen to be the DJ for the current round. The DJ's role is to draw cards, spin the spinner, and judge the dance performances.
2. **Draw Cards and Spin:** The DJ draws two Dance Move Cards from the top of the deck. They then read aloud the two-word phrases listed on each card (e.g., "Neon Kick" and "Jumpy Dolphin"). After reading

the cards, the DJ uses the Body Part Spinner to select a required body part (e.g., "arms," "legs," "head").

- 3. Create and Perform a Dance Move:** Each player, excluding the current DJ, must then create and perform their own unique dance move. This move must incorporate both of the two-word phrases from the cards and prominently feature the body part indicated by the spinner. For example, if the phrases are "Neon Kick" and "Jumpy Dolphin" and the body part is "arms," a player might perform a dance move using their arms to mimic a dolphin jumping while making kicking motions.
- 4. DJ's Choice:** After all players have performed their dance moves, the DJ observes each performance and chooses their favorite.
- 5. Follow the Leader:** The DJ then performs the chosen favorite dance move, and all other players follow suit, imitating the move.
- 6. Awarding Likes:** The DJ and the player whose dance move was chosen as the favorite each take one of the two Dance Move Cards as a "LIKE." These cards are kept face up in front of the players to track their score.
- 7. Next Round:** The role of the DJ passes to the next player in a clockwise direction, and a new round begins.

5. GAME RULES

- **Winning the Game:** The game continues for a predetermined number of rounds or until all Dance Move Cards have been used. The player who has collected the most "LIKES" (Dance Move Cards) by the end of the game is declared the ultimate dancing dynamo.
- **Player Count:** The game is designed for 2 to 8 players.
- **Age Recommendation:** Suitable for players aged 8 years and older.
- **Fair Play:** Players should strive for originality and enthusiasm in their dance moves. The DJ's decision for the favorite dance move is final for that round.

6. CARE AND MAINTENANCE

- **Storage:** Store all game components in the original box in a cool, dry place to prevent damage from moisture or extreme temperatures.
- **Cleaning:** Keep cards and the spinner clean and dry. Avoid exposure to liquids, food, or dirt. If necessary, gently wipe components with a dry, soft cloth.
- **Handling:** Handle cards and the spinner gently to prevent bending, tearing, or other physical damage.

7. TROUBLESHOOTING

- **Missing Components:** If any game components are missing upon opening the box, please contact Ridley's customer support immediately for assistance.
