GDLF Modern Wood Pet Crate Cat Washroom

GDLF Pet Crate Cat Washroom Hidden Litter Box Enclosure

Instruction Manual

INTRODUCTION

Thank you for choosing the GDLF Pet Crate Cat Washroom Hidden Litter Box Enclosure. This product is designed to provide a discreet and comfortable space for your cat's litter box while serving as a functional piece of furniture in your home. This manual contains important information regarding the assembly, operation, maintenance, and troubleshooting of your new pet furniture. Please read it thoroughly before assembly and retain it for future reference.

SAFETY INFORMATION

- Ensure all parts are securely fastened before use. Loose parts can cause instability and potential injury.
- Do not exceed the maximum weight capacity of the top surface. Refer to the specifications section for details.
- Keep small parts and packaging materials away from children and pets during assembly to prevent choking hazards.
- Place the unit on a flat, stable surface to prevent tipping.
- This product is intended for indoor use only.
- Do not allow children to climb on or play inside the enclosure.

PACKAGE CONTENTS

Please verify that all components listed below are present before beginning assembly. If any parts are missing or damaged, contact customer support.

- Top Panel
- Bottom Panel
- Side Panels (2)
- Back Panel
- Interior Divider Panel
- Front Doors (2)

- Legs (4)
- Hardware Pack (screws, dowels, hinges, door handles, magnetic catches)
- Scratch Pad
- Assembly Tool (e.g., Allen wrench)

ASSEMBLY INSTRUCTIONS

Follow these steps carefully for proper assembly. It is recommended to assemble the unit on a soft, clean surface to prevent scratches.

1. **Prepare Components:** Unpack all components and lay them out. Identify each part using the provided diagrams (if applicable).
2. **Attach Legs:** Securely attach the four legs to the bottom panel using the provided screws. Ensure they are tightened firmly.
3. **Assemble Side and Back Panels:** Connect the side panels and back panel to the bottom panel using the appropriate hardware. Ensure the grooves for the back panel are aligned.
4. **Install Interior Divider:** Insert the interior divider panel into its designated slots or attach it with hardware to create two compartments. The smaller compartment is for the cat entrance and scratch pad.
5. **Attach Top Panel:** Place the top panel onto the assembled frame and secure it with screws.
6. **Install Doors:** Attach the hinges to the front doors and then to the main frame. Ensure the doors open and close smoothly. Install the door handles and magnetic catches.
7. **Place Scratch Pad:** Position the scratch pad in the smaller, open compartment, near the entrance.

OPERATING INSTRUCTIONS

This enclosure is designed for ease of use and integration into your home.

- **Litter Box Placement:** Open the cabinet doors and place a standard-sized litter box into the larger compartment. Ensure there is enough space for your cat to comfortably enter and exit.
- **Cat Entrance:** Your cat will access the litter box through the dedicated entrance on the side of the unit. The scratch pad at the entrance helps to remove litter from paws, reducing tracking.
- **Multi-functional Use:** The top surface can be used as a side table, nightstand, or for decorative items.

MAINTENANCE

Regular cleaning and maintenance will prolong the life of your pet enclosure.

- **Cleaning the Surface:** Wipe the engineered wood surfaces with a soft, damp cloth. Avoid abrasive cleaners or harsh chemicals, which can damage the finish.
- **Litter Box Area:** Regularly clean the interior compartment where the litter box is placed. Use pet-safe cleaning solutions to neutralize odors.
- **Scratch Pad:** The scratch pad is replaceable. Monitor its condition and replace it when it becomes worn to ensure continued effectiveness.
- **Hardware Check:** Periodically check all screws and fasteners to ensure they remain tight. Re-tighten if necessary.

TROUBLESHOOTING

If you encounter any issues, refer to the following common problems and solutions:

Problem	Possible Cause	Solution
Unit is wobbly.	Loose screws or uneven surface.	Ensure all screws are tightened. Move the unit to a flat, level surface.
Doors do not close properly.	Hinges misaligned or magnetic catches not installed correctly.	Adjust hinge alignment. Ensure magnetic catches are securely installed and aligned with the door plates.

Problem	Possible Cause	Solution
Cat is not using the enclosure.	New environment, unfamiliar smell, or litter box type.	Allow your cat time to adjust. Place familiar bedding or toys inside. Ensure the litter box is clean and uses preferred litter.
