SAFETY INFORMATION

WARNING: Do not exceed the weight limit of your TV console. Always follow the manufacturer's instructions for proper installation and assembly. Failure to do so may result in personal injury or property damage. Ensure the wall structure is suitable for mounting and can support the combined weight of the console and your television.

SETUP AND INSTALLATION

Proper installation is crucial for the stability and safety of your floating TV console. While specific assembly steps are not detailed here, general guidelines are provided. Refer to the included physical instruction manual for detailed, step-by-step assembly and mounting instructions.

Before You Begin:

- **Unpack all components:** Carefully remove all parts from the packaging and verify against the parts list in your physical manual.
- **Gather tools:** Ensure you have all necessary tools for assembly and wall mounting (e.g., drill, level, screwdriver, stud finder).
- **Choose a suitable location:** Select a wall location that can support the console's weight (up to 100 lbs) and your TV. Consider stud locations for secure mounting.
- **Read instructions thoroughly:** Review the complete assembly and mounting instructions provided with your product before starting.

- **Cable Management:** Route all necessary cables through the built-in cutout at the top of the console to keep them hidden and organized.
- **Display:** The top surface can be used to display decorative items, photos, or simply left empty for a minimalist aesthetic.
- **Weight Capacity:** Ensure the total weight placed on the console, including the TV (if placed on top, though this is a floating console for wall-mounted TVs), and items within or on the console, does not exceed 100 lbs.

MAINTENANCE AND CARE

To maintain the appearance and longevity of your BELLEZE TV console, follow these care instructions:

- **Cleaning:** Wipe with a dry cloth. Avoid using harsh chemicals, abrasive cleaners, or excessive moisture, as these can damage the finish.
- **Spills:** Immediately wipe up any spills with a dry or slightly damp cloth to prevent staining or damage.
- **Sunlight Exposure:** Avoid prolonged exposure to direct sunlight, which can cause fading or discoloration over time.
