## PACKAGE CONTENTS

Your ZAPUVO docking station package includes the following components:

- Main Base Unit
- Vertical Back Panel (with phone/tablet slot and watch holder)
- Small Drawer with internal compartments
- Assembly Screws (typically 4)
- Instruction Guide

## SETUP AND ASSEMBLY

The ZAPUVO docking station is designed for quick and easy assembly. Follow these steps:

1. Identify the main base unit, the vertical back panel, and the small drawer.
2. Align the vertical back panel with the corresponding slots on the main base. Ensure the cable management holes are facing the desired direction (typically towards the back).
3. Secure the vertical back panel to the base using the provided screws. A screwdriver (not included) will be

needed.

4. Insert the small drawer into its designated slot in the base. The drawer features magnetic closures for secure fit.

## USAGE AND OPERATION

Maximize the functionality of your docking station by utilizing its various compartments:

- **Phone/Tablet Stand:** Place your smartphone or tablet in the main vertical slot for charging or viewing. Route charging cables through the designated cutouts at the base.
- **Watch Holder:** Hang your smartwatch or traditional watch on the curved holder. Ensure any charging pucks are securely placed if applicable, utilizing the cable groove.
- **Accessory Shelf:** Use the upper shelf for items like glasses, small remotes, or other frequently accessed accessories.
- **Storage Tray:** The main base area is ideal for wallets, keys, earbuds, and other everyday carry items.
- **Drawer:** The integrated drawer provides discreet storage for smaller valuables, jewelry, or stationery.

## MAINTENANCE

- **Cleaning:** Wipe the wood surface with a soft, dry cloth. Avoid abrasive cleaners, harsh chemicals, or excessive moisture, as these may damage the finish.
- **Protection:** Keep the docking station away from direct sunlight and extreme temperature changes to prevent warping, cracking, or fading of the wood.
- **Spills:** Immediately wipe up any spills with a dry cloth to prevent staining or water damage.

## TROUBLESHOOTING

- **Device Instability:** Ensure devices are placed centrally within their designated slots. For phones/tablets, verify they are seated correctly in the base groove.
- **Cable Management Issues:** If cables are not sitting flush or are getting pinched, re-route them through the designated channels and ensure they are not twisted.
- **Assembly Issues:** If pieces do not fit together smoothly during assembly, re-check the instruction guide and ensure all components are correctly oriented. Do not force pieces together, as this may cause damage.
