

Commercial Care CCSI900

Commercial Care CCSI900 1500W Steam Iron User Manual

Model: CCSI900

1. IMPORTANT SAFETY INSTRUCTIONS

When using your steam iron, basic safety precautions should always be followed to reduce the risk of fire, electric shock, and personal injury. Read all instructions before using this appliance.

- Always unplug the iron from the electrical outlet when filling with water, emptying, or when not in use.
- Do not operate the iron with a damaged cord or if the iron has been dropped or damaged. Contact customer support for assistance.
- To protect against the risk of electric shock, do not immerse the iron in water or other liquids.
- The iron should always be turned to the minimum temperature setting before plugging or unplugging from the outlet.
- Never pull on the cord to disconnect from the outlet; instead, grasp the plug and pull to disconnect.
- Allow the iron to cool completely before storing.
- This appliance is not intended for use by persons (including children) with reduced physical, sensory, or mental capabilities, or lack of experience and knowledge, unless they have been given supervision or instruction concerning use of the appliance by a person responsible for their safety.
- Keep the iron and its cord out of reach of children.

2. PRODUCT OVERVIEW

The Commercial Care CCSI900 Steam Iron is designed for efficient garment care, offering multiple functions and a durable stainless steel soleplate.

2.1 Components

- Steam Iron Unit
- Measuring Cup

2.2 Key Features

- **1500 Watts Power:** Provides rapid heating and strong steam output.
- **Multiple Steam Functions:** Dry steam, vertical steam, burst of steam, and spray mist.
- **Stainless Steel Soleplate:** Measures 9.05" x 4.57" for smooth gliding.
- **9.47 oz Water Tank:** Ample capacity for extended ironing sessions.
- **Auto Shutoff:** Enhances safety by automatically turning off the iron when left unattended.
- **8 ft Cord:** Offers flexibility and reach during use.
- **Self-Cleaning Function:** Simplifies maintenance and prolongs iron life.

Figure 2.1: Overview of the Commercial Care CCSI900 Steam Iron.

STEAM IRON

WITH 9.47 OZ. WATER TANK

Figure 2.2: Dimensions of the Commercial Care CCSI900 Steam Iron (11.65"L x 5.83"H).

3. SETUP

3.1 Before First Use

Remove any labels, protective film, or stickers from the iron's soleplate and body. It is recommended to iron an old piece of fabric first to ensure no residue is transferred to your garments.

3.2 Filling the Water Tank

1. Ensure the iron is unplugged from the electrical outlet and cooled down.
2. Set the steam selector to the 'Dry Iron' position (no steam).
3. Open the water fill cover located on the top of the iron.
4. Using the provided measuring cup, carefully pour tap water into the water tank. Do not exceed the 'MAX' fill line.
5. Close the water fill cover securely.

AUTO SHUT OFF

SAFETY FUNCTION

Figure 3.1: Water fill cover and temperature control dial.

4. OPERATING INSTRUCTIONS

4.1 Temperature Settings

The iron features an adjustable temperature control dial suitable for various fabric types. Always check the garment's care label before ironing.

- **Low Temperature:** Silk, Nylon
- **Medium Temperature:** Wool
- **High Temperature:** Cotton, Linen

Turn the temperature dial to the desired setting. The indicator light will illuminate while the iron is heating and turn off when the set temperature is reached.

Figure 4.1: The iron offers various functions for different ironing needs.

4.2.1 Dry Ironing

For dry ironing, ensure the water tank is empty or the steam selector is set to the 'Dry Iron' position. Select the appropriate temperature and wait for the indicator light to turn off before ironing.

4.2.2 Steam Ironing

1. Fill the water tank as described in Section 3.2.
2. Plug in the iron and set the temperature dial to a steam-compatible setting (usually wool, cotton, or linen).
3. Once the indicator light turns off, move the steam selector to the desired steam level.
4. Begin ironing.

4.2.3 Vertical Steam

The vertical steam function allows you to steam hanging garments or drapes. Hold the iron vertically, press the 'Burst of Steam' button, and direct the steam towards the fabric. Ensure the iron is at a high temperature setting

for optimal steam output.

4.2.4 Spray Mist

To dampen stubborn wrinkles, press the 'Spray Mist' button. This will release a fine mist of water from the nozzle at the front of the iron.

4.2.5 Burst of Steam

For extra stubborn wrinkles, press the 'Burst of Steam' button. This releases a powerful shot of steam. Allow a few seconds between bursts for the steam to regenerate.

POWERFUL & COMPACT
1500 WATTS

Figure 4.2: The iron's ergonomic design allows for comfortable handling during use.

5. MAINTENANCE

5.1 Self-Cleaning Function

The self-cleaning function helps remove mineral deposits and impurities from the steam vents. Perform this function monthly or as needed.

1. Fill the water tank to the 'MAX' line.
2. Plug in the iron and set the temperature to the highest setting.
3. Once the iron reaches maximum temperature (indicator light turns off), unplug it.
4. Hold the iron horizontally over a sink.
5. Press and hold the self-clean button (if available, otherwise use the burst of steam button repeatedly) until all water has drained from the tank, carrying out impurities.
6. Move the iron back and forth to ensure all water is expelled.
7. Plug the iron back in and allow it to heat up again to dry out any remaining water.
8. Unplug and store once cooled.

5.2 Cleaning the Soleplate

To clean the soleplate, ensure the iron is unplugged and completely cool. Wipe the soleplate with a damp cloth and a mild, non-abrasive cleaner. Do not use harsh scouring pads or metallic cleaners as they can damage the soleplate.

NON-STICK SOLEPLATE

STAINLESS STEEL 9.05" X 4.57"

Figure 5.1: The stainless steel soleplate requires gentle cleaning.

5.3 Storage

After each use, empty any remaining water from the tank. Allow the iron to cool completely before storing it upright in a safe, dry place. Do not wrap the cord tightly around the iron while it is still warm.

LONG 8 FT CORD

Figure 5.2: The 8-foot cord provides ample reach.

6. TROUBLESHOOTING

If you encounter issues with your iron, refer to the following common problems and solutions:

Problem	Possible Cause	Solution
Iron does not heat up.	Not plugged in; power outlet malfunction; temperature dial set to 'OFF' or too low.	Ensure iron is securely plugged in. Check power outlet with another appliance. Turn temperature dial to a fabric setting.
No steam or insufficient steam.	Water tank empty; temperature too low for steam; steam selector set to 'Dry Iron'.	Fill water tank. Set temperature to a steam-compatible setting (wool, cotton, linen). Move steam selector to desired steam level.
Water leaks from soleplate.	Water tank overfilled; temperature too low for steam; iron left horizontally with water.	Do not overfill the water tank. Ensure temperature is high enough for steam. Store iron upright after use.
Iron sticks to fabric.	Temperature too high for fabric type; soleplate is dirty.	Adjust temperature according to fabric care label. Clean the soleplate as described in Section 5.2.

7. SPECIFICATIONS

Feature	Detail
Brand	Commercial Care
Model Number	CCSI900
Power	1500 Watts
Voltage/Frequency	120V/60Hz
Plug Type	2-prong
Soleplate Material	Stainless Steel
Soleplate Dimensions	9.05" L x 4.57" W
Water Tank Capacity	9.47 ounces
Cord Length	8 feet
Item Weight	2.2 pounds
Product Dimensions	11.65" L x 4.8" W x 5.83" H

8. WARRANTY AND SUPPORT

For warranty information or customer support, please refer to the documentation included with your purchase or contact Commercial Care customer service directly. Keep your proof of purchase for warranty claims.
