ZOZOPLAY GJB-160pcs

ZOZOPLAY 160 Pcs Connector Blocks Set (Model GJB-160pcs) Instruction Manual

Brand: ZOZOPLAY | Model: GJB-160pcs

INTRODUCTION

The ZOZOPLAY 160 Pcs Connector Blocks Set is designed to encourage imagination and creativity in children aged 3 and up. This set includes a variety of colorful plastic connector pieces and wheels, allowing for the construction of numerous models and structures. The blocks are intended to support STEM learning, enhance hand-eye coordination, and develop visual perception through engaging play.

COMPONENTS OVERVIEW

The set contains 160 pieces, including:

- Connector pieces with two open ends (e.g., yellow, red).
- Connector pieces with one ball end and one open end (e.g., blue, gray).
- Connector pieces with two ball ends (e.g., green).
- Wheels with rubber tires.

SIMPLE FOR KIDS

ASSEMBLY AND CREATIVE PLAY

The connector blocks are designed for easy attachment and removal, allowing children to build a wide array of structures. The pieces fit snugly to ensure creations hold together during play.

Connecting Pieces:

To connect pieces, align the open ends of one connector with the ball ends of another. Apply gentle pressure until you hear a click, indicating a secure connection. Wheels can be attached to the ball ends of appropriate connector pieces.

FAMILY TIME

Children's Intelligence

Idea Booklet:

An idea booklet is included with the set, providing visual examples of various shapes and models that can be constructed, such as dinosaurs and cars. While the booklet offers inspiration, users are encouraged to explore their own designs to foster creativity and independent thinking.

MAINTENANCE

The plastic connector blocks are washable. To clean, simply rinse them with water. Ensure all pieces are thoroughly dried before storing to maintain their condition.

WASHABLE

CONVENIENT STORAGE

TROUBLESHOOTING

- **Difficulty Connecting Pieces:** Some pieces may require firm pressure to connect securely. This ensures a stable build. If a child struggles, adult assistance may be needed.
- **Models Not Holding Together:** Ensure all connections are fully engaged. The design of the blocks allows for flexible movement, which can sometimes be perceived as instability. For more rigid structures, consider reinforcing connections or using a greater number of interlocking pieces.
- **Unclear Idea Booklet Instructions:** The idea booklet provides visual inspiration rather than step-by-step instructions. Colors in the booklet may not perfectly match the physical pieces. Focus on the shapes and connections shown to replicate models, or use them as a starting point for original creations.

SAFETY INFORMATION

WARNING: CHOKING HAZARD - Small Parts. Not for children under 3 years.

This product contains small parts and is not suitable for children under 3 years of age due to potential choking hazards. Adult supervision is recommended during play for all young children. Ensure children do

not place pieces in their mouths.

The blocks are made from BPA and lead-free plastic, meeting safety standards.
