## TIZOPO HX-029

# TIZOPO USB Volume Control Multimedia Controller Knob

Model: HX-029 User Manual

## 1. INTRODUCTION

---

The TIZOPO USB Volume Control Multimedia Controller Knob (Model HX-029) is a versatile and easy-to-use device designed to provide convenient audio control for various systems. Featuring a durable metal construction and a responsive rotary knob, it offers plug-and-play functionality without requiring additional drivers. Key features include one-key mute, track navigation, and an adjustable breathing light. This manual provides detailed instructions for setup, operation, and maintenance.

## 2. PACKAGE CONTENTS

---

- 1 x USB Volume Control Knob
- 1 x USB Cable
- 1 x Instruction Manual

## 3. PRODUCT OVERVIEW

---

## 4. SETUP

---

The TIZOPO USB Volume Control Knob is designed for simple plug-and-play operation. Follow these steps to set up your device:

1. Connect the smaller end of the provided USB cable to the Micro USB port on the back of the volume control knob.
2. Connect the larger end of the USB cable to an available USB port on your computer, laptop, or compatible device.
3. The device will be automatically recognized by your operating system (Windows, Mac, Linux, Android, iOS) without the need for additional driver installation. The blue breathing light will illuminate upon successful connection.

## 5. OPERATING INSTRUCTIONS

---

The TIZOPO USB Volume Control Knob offers intuitive controls for your audio experience:

- **Volume Adjustment:** Rotate the knob clockwise to increase the system volume. Rotate the knob counter-clockwise to decrease the system volume.
- **One-Key Mute/Unmute:** Press the top of the knob downwards to instantly mute the audio. Press the knob again to unmute and resume playback.
- **Previous/Next Track:** To switch tracks, press and hold the knob, then rotate it. Rotate clockwise to skip to the next song. Rotate counter-clockwise to go back to the previous song.
- **Breathing Light Control:** The device features a blue breathing light. To turn off the light, press and hold the knob for approximately 2 seconds. To turn the light back on, press and hold the knob for another 2 seconds. For a continuous 'Night Mode' where the light stays on, press and hold the knob for more than 8 seconds.

Press the knob more than 8 seconds

(Breathing light only lights up when press the knob under default mode,  
the night mode is in convenient for you to use at night)

Video 2: Demonstration of a USB Volume Adjustment Knob's core functions, including increasing/decreasing volume, muting/unmuting, and switching between tracks.

## 6. MAINTENANCE

---

To ensure the longevity and optimal performance of your TIZOPO USB Volume Control Knob, please follow these maintenance guidelines:

- Keep the device clean by wiping it with a soft, dry cloth. Avoid using harsh chemicals or abrasive cleaners.
- Protect the device from extreme temperatures, direct sunlight, and moisture.
- Avoid dropping the device or subjecting it to strong impacts.

## 7. TROUBLESHOOTING

---

If you encounter any issues with your TIZOPO USB Volume Control Knob, please refer to the following common solutions:

- **Device not recognized:** Ensure the USB cable is securely connected to both the knob and the computer. Try connecting to a different USB port on your computer. Restart your computer.
- **No sound or volume control:** Verify that the device is recognized by your system. Check your system's audio output settings to ensure the correct device is selected. Ensure the knob is not in mute mode (press the knob to toggle mute).
- **Breathing light not working:** Check if the light has been turned off (press and hold the knob for 2 seconds to toggle). Ensure the device is properly powered via the USB connection.

If the issue persists, please consult the manufacturer's support resources.
