ASTRO Gaming A50

ASTRO Gaming A50 Wireless Headset with Base Station Gen 4 User Manual

Model: A50 | Brand: ASTRO Gaming

1. INTRODUCTION

This manual provides comprehensive instructions for the setup, operation, and maintenance of your ASTRO Gaming A50 Wireless Headset with Base Station Gen 4. Designed for gamers, this system delivers high-quality audio and voice communication across multiple platforms including PS4, PS5, PC, and Mac.

Figure 1: ASTRO Gaming A50 Wireless Headset with Base Station.

Key Features:

- **ASTRO Audio V2:** Delivers a precise and smooth frequency spectrum for crisp highs, controlled mids, and distortion-free bass, enhancing dialogue, music, and in-game sounds.

- **Dolby Audio:** Provides cinematic, high-resolution audio and sound directionality for an immersive gaming experience.
- **Game Voice Balance:** Integrated MixAmp technology allows instant control over chat levels, game audio, and EQ presets without interrupting gameplay.
- **Extended Battery Life:** Rechargeable lithium-ion battery offers over 15 hours of continuous use.
- **Flip-to-Mute Microphone:** Unidirectional microphone with flip-to-mute functionality for clear and accurate communication, minimizing background noise.

2. SETUP INSTRUCTIONS

Follow these steps to set up your ASTRO Gaming A50 Wireless Headset and Base Station.

2.1 Base Station Connections

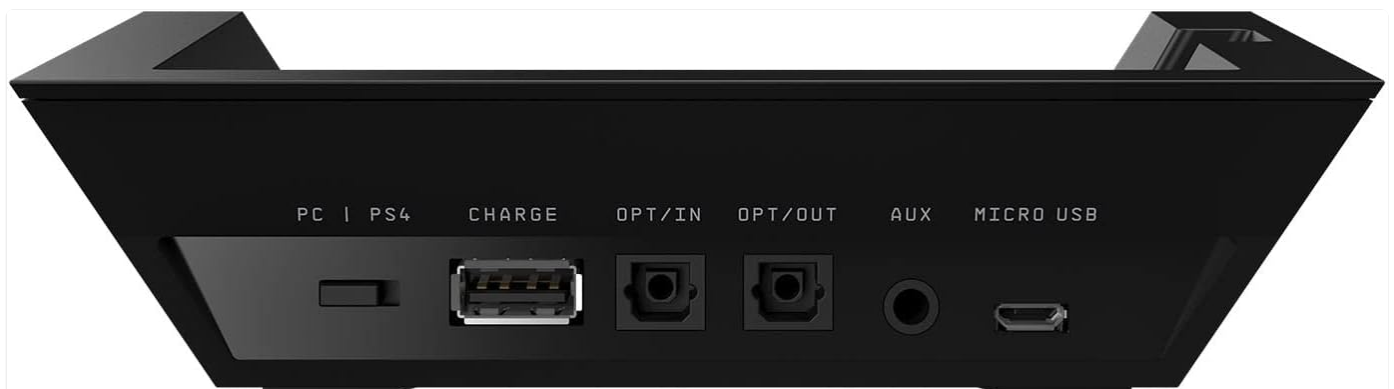

Figure 2: Rear ports of the ASTRO A50 Base Station.

1. **Power Connection:** Connect the Micro USB cable from the Base Station's "MICRO USB" port to a USB port on your console (PS4/PS5) or PC/Mac. This provides power and data connection.
2. **Audio Connection (Optical - for PS4/PC):** For optimal audio quality on PS4 and some PCs, connect an optical cable from the Base Station's "OPT/IN" port to the optical audio output on your console or PC.
 - *Note for PS5:* PS5 consoles typically do not have an optical audio output. USB audio is primarily used.
3. **Auxiliary Input (Optional):** The "AUX" port can be used for external audio sources.
4. **Platform Switch:** Ensure the switch on the Base Station is set to the correct platform (PC or PS4/PS5).

2.2 Headset Pairing and Charging

Figure 3: Front view of the ASTRO A50 Base Station, showing charging contacts.

1. **Initial Charge:** Place the A50 Headset onto the Base Station. Ensure the charging contacts on the headset align with those on the Base Station. The headset will begin charging, indicated by an LED on the Base Station. A full charge is recommended before first use.
2. **Automatic Pairing:** The headset and Base Station are designed to pair automatically when the headset is placed on the Base Station. The Base Station's display will show the battery level and indicate a successful connection.
3. **Power On Headset:** To use the headset, remove it from the Base Station and slide the power switch on the headset to the ON position.

2.3 Software Installation (PC/Mac)

For advanced customization and firmware updates, download the ASTRO Command Center software.

- Visit the official ASTRO Gaming website to download the latest ASTRO Command Center software for Windows or Mac.
- Install the software and connect your Base Station to your computer via USB.
- Use the software to update firmware, adjust EQ settings, microphone levels, and other audio preferences.

3. OPERATING INSTRUCTIONS

Understand the controls and functions of your A50 Wireless Headset for an optimal gaming experience.

Figure 4: Ear cup controls for adjusting game and voice audio balance.

- **Power On/Off:** Use the power switch located on the headset to turn it on or off.
- **Game/Voice Balance:** The right ear cup features buttons labeled "GAME" and "VOICE". Press "GAME" to increase game audio and decrease voice chat, or press "VOICE" to increase voice chat and decrease game audio. This allows you to fine-tune the mix.
- **Volume Control:** A volume wheel or buttons are typically located on one of the ear cups for overall audio volume adjustment.
- **Flip-to-Mute Microphone:** To mute your microphone, simply flip the microphone boom arm upwards. Flip it back down to unmute.
- **EQ Presets:** The headset may have a button to cycle through different equalizer presets (e.g., ASTRO, Media, Pro). These can be customized further using the ASTRO Command Center software.

4. MAINTENANCE

Proper care ensures the longevity and performance of your ASTRO A50 Wireless Headset.

- **Charging:** Always place the headset on the Base Station when not in use to ensure it remains charged. Ensure the charging contacts are clean and free of debris.
- **Cleaning:**
 - Wipe the headset and Base Station with a soft, dry, lint-free cloth.
 - Avoid using harsh chemicals, cleaning solvents, or strong detergents.
 - Do not immerse the headset or Base Station in water or any liquid.
- **Storage:** Store the headset on its Base Station in a cool, dry place away from direct sunlight and extreme temperatures.

- **Battery Care:** To maintain battery health, avoid completely draining the battery frequently. Charge regularly.

5. TROUBLESHOOTING

If you encounter issues with your ASTRO A50 Wireless Headset, refer to the following common solutions.

- **No Audio / Disconnected:**
 - Ensure the headset is powered on and fully charged.
 - Verify the Base Station is properly connected to your console/PC via USB.
 - Check the platform switch on the Base Station is set to the correct position (PC or PS4/PS5).
 - Place the headset back on the Base Station to re-sync.
 - Restart your console/PC and the headset.
- **Microphone Not Working:**
 - Ensure the microphone boom arm is flipped down to unmute.
 - Check microphone settings in your console/PC audio settings and in the ASTRO Command Center software.
 - Verify that the headset is selected as the default input device.
 - Perform a hard reset of the headset (hold Dolby button + Game button for 15-30 seconds).
- **Charging Issues:**
 - Ensure the headset is correctly seated on the Base Station, with charging contacts aligned.
 - Clean the charging contacts on both the headset and Base Station with a dry cloth.
 - Try a different USB port or cable for the Base Station.
- **Poor Audio Quality:**
 - Check all cable connections (USB, Optical).
 - Adjust EQ settings using the ASTRO Command Center software.
 - Ensure there are no wireless interferences from other devices.
 - Update headset and Base Station firmware via ASTRO Command Center.

6. SPECIFICATIONS

Feature	Detail
Model Name	A50
Connectivity Technology	Wireless (USB Radio Frequency)
Wireless Communication Technology	Wireless
Compatible Devices	Gaming Consoles (PS4, PS5), PC, Mac
Microphone Type	Unidirectional, Flip-to-Mute
Audio Driver Type	Dynamic Driver
Frequency Range	20 Hz - 20,000 Hz
Battery Life	15+ Hours
Ear Placement	Over Ear

Feature	Detail
Form Factor	Over Ear
Noise Control	Sound Isolation
Material	Metal, Plastic, Rubber
Product Dimensions	8 x 7 x 4 inches
Item Weight	3.45 pounds

7. WARRANTY AND SUPPORT

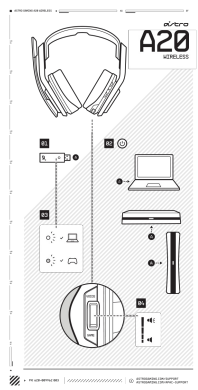

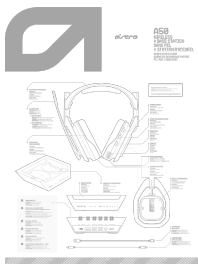

This product is sold as an Amazon Renewed item. Warranty coverage for renewed products may differ from new products.

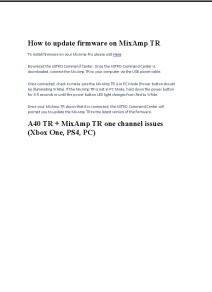

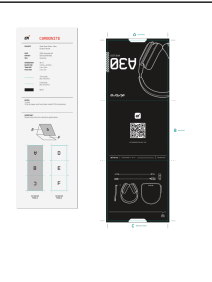

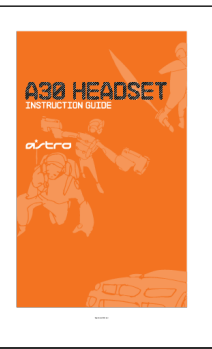

- **Warranty Information:** For specific warranty details regarding your Amazon Renewed ASTRO Gaming A50 Headset, please refer to the Amazon Renewed Guarantee policy or contact the seller directly.
- **Technical Support:** For technical assistance, firmware updates, or advanced troubleshooting, visit the official ASTRO Gaming support website.
- **Contacting Seller:** If you purchased this item as "Amazon Renewed" and have issues related to the condition or functionality upon arrival, please contact the seller ("Only1deal" in this case) through your Amazon order history for support or return options.
