3. INSTALLATION

Installing your ProCase is a straightforward process. Follow these steps to securely fit your tablet into the case:

1. Ensure your tablet is clean and free of dust or debris.
2. Align the tablet with the hard back shell of the case, starting with one corner.
3. Gently press the tablet into the case, working your way around the edges until all corners are securely snapped into place.
4. Verify that all ports, buttons, and camera cutouts align correctly with your tablet's features.

4. FEATURES AND OPERATION

4.1 Dual Standing Positions

The foldable front cover allows for two distinct standing positions, optimizing your viewing and typing experience. Simply fold the

cover into a triangular stand to achieve the desired angle.

- **Viewing Angle (approx. 65°):** Ideal for watching videos, presentations, or video calls.
- **Typing Angle (approx. 30°):** Provides a comfortable incline for typing and interacting with the touchscreen.

5. MAINTENANCE

To keep your ProCase in optimal condition, follow these simple maintenance guidelines:

- **Cleaning:** Wipe the exterior of the case with a soft, damp cloth. Avoid using harsh chemicals or abrasive cleaners, as these may damage the material.
- **Dust Removal:** For dust or debris accumulated inside the case, gently remove your tablet and clean both the tablet and the interior of the case with a dry, lint-free cloth.
- **Avoid Extreme Conditions:** Do not expose the case to extreme temperatures, direct sunlight for prolonged periods, or excessive moisture.

6. TROUBLESHOOTING

If you encounter any issues with your ProCase, consider the following common solutions:

- **Case Not Fitting:** Double-check your tablet's model number against the compatibility information in Section 2. Ensure the tablet is correctly aligned and gently pressed into all corners of the case.
- **Stand Instability:** Ensure the foldable cover is properly formed into a stable triangle. The magnetic closure helps maintain the stand's position. If the stand feels loose over time, it may be due to wear; try adjusting the fold for better support.
- **Auto Sleep/Wake Not Working:** Verify that the tablet's auto sleep/wake function is enabled in its settings. Ensure the case

cover is fully closed and making proper contact with the tablet screen.

- **Ports/Buttons Blocked:** Confirm that the tablet is correctly seated in the case and that no part of the case is misaligned, obstructing access.
