4.2 Filling Pre-Roll Cones

The device can fill multiple cones simultaneously. It supports pre-rolled cones from 84mm to 109mm.

1. Open the bottom cap of the cone loader.
2. Insert up to six pre-roll cones into the designated slots. Ensure the cones are seated properly.
3. If the cone tops are not level with the loader surface, use the included leveler to adjust them.
4. Place the ground herbs into the top grinding chamber.
5. Twist the top grinder section. The ground herbs will fall directly into the cones below.
6. Use the included brush to gently push down the herbs into the cones for a firm pack.
7. Once filled, rotate the bottom cap to the left to push the filled cones upwards for easy removal.
