SETUP AND APPLICATION

Follow these steps to properly apply your Outre Pretty Quick Drawstring Pony ELVITA:

1. **Prepare Your Hair:** Pull your natural hair up into a bun or ponytail. Ensure it is securely fastened to provide a stable base for the drawstring pony.
2. **Attach the Ponytail:** Position the drawstring pony over your bun or ponytail. Utilize the pre-attached combs to secure the piece firmly into your natural hair.
3. **Tighten the Drawstring:** Once the combs are in place, pull the drawstring to tighten the ponytail around your bun or ponytail. This ensures a snug and secure fit.
4. **Conceal the Drawstring:** Wrap the excess drawstring around the base of the ponytail to conceal it. You may use bobby pins (not included) to further secure the wrapped drawstring if necessary.
5. **Style as Desired:** Once secured, style the ponytail to achieve your preferred look.

MAINTENANCE AND CARE

Proper care will extend the life and maintain the appearance of your synthetic ponytail.

- **Washing:** Gently wash with cool water and a mild shampoo designed for synthetic hair. Do not rub or twist. Rinse thoroughly.
- **Drying:** Blot excess water with a towel and allow to air dry completely. Do not use heat styling tools unless the product is specifically labeled as heat-friendly.
- **Combing:** Use a wide-tooth comb or your fingers to gently detangle the hair, starting from the ends and working your way up.
- **Storage:** Store the ponytail in a cool, dry place, ideally in its original packaging or on a wig stand to maintain its shape.

TROUBLESHOOTING

If you encounter issues with your drawstring ponytail, consider the following:

- **Ponytail feels loose:** Ensure your natural hair bun/ponytail is tight and secure. Re-adjust the combs and pull the drawstring firmly.
- **Tangles:** Gently detangle with a wide-tooth comb or fingers. Use a synthetic hair detangling spray if needed. Avoid excessive brushing.
- **Loss of curl pattern:** For synthetic hair, curl patterns are often set. Avoid heat unless specified. You can try gently finger-curling sections after washing and air-drying.
