### 4. SETUP

---

#### 4.1 Charging the Earbuds and Case

Before first use, fully charge the earbuds and charging case. Connect the USB-C charging cable to the charging port on the case and a power source. The charging indicator on the case will show charging status. A full charge for the earbuds takes approximately 1.5 hours.

## 4.2 Pairing with a Device

1. Take both earbuds out of the charging case. They will automatically power on and enter pairing mode.
2. Enable Bluetooth on your device (smartphone, tablet, laptop).
3. Search for "HAYLOU GT1 2022" in the list of available Bluetooth devices and select it to connect.
4. Once paired, the earbuds will automatically connect to your device when taken out of the case for subsequent uses.

### 4.3 Wearing the Earbuds

Insert the earbuds into your ears and gently rotate them to find a comfortable and secure fit. The ergonomic design with soft earfins helps them stay in place, even during active movements.

## 5. OPERATING INSTRUCTIONS

The HAYLOU GT1 2022 earbuds feature touch controls for various functions:

- **Play/Pause:** Tap the earbud once.
- **Answer/Hang Up Call:** Tap the earbud twice.
- **Reject Call:** Tap and hold the earbud for 1.5 seconds.
- **Previous/Next Track:** Double tap the left earbud for previous, double tap the right earbud for next.
- **Activate Voice Assistant:** Tap the left earbud three times.
- **Low Latency Mode On/Off:** Tap the right earbud three times.

### 5.1 Mono and Twin Mode

The earbuds support both mono (single earbud) and twin (both earbuds) modes. You can use either earbud independently or both together for a stereo experience.

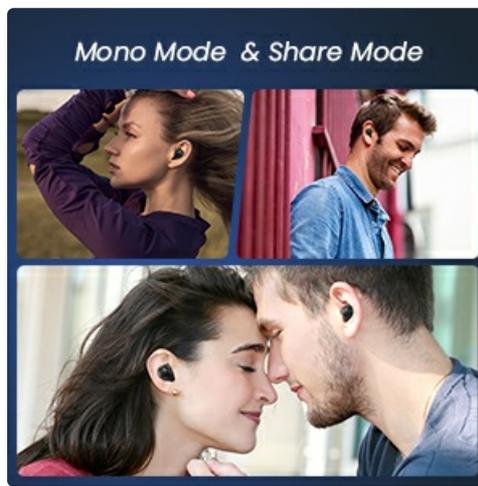

Image: Examples of using the earbuds in mono mode (single earbud) and share mode (both earbuds).

## 5.2 AI Call Noise Cancellation

The earbuds feature an AI neural network noise reduction algorithm to effectively minimize ambient noise during calls, ensuring clear communication.

## 6. MAINTENANCE

---

### 6.1 Cleaning

Regularly clean the earbuds and charging case with a soft, dry, lint-free cloth. Do not use harsh chemicals or abrasive materials. Ensure charging contacts and ear tips are free of debris.

### 6.2 Storage

When not in use, store the earbuds in their charging case to protect them from dust and damage. Store in a cool, dry place away from extreme temperatures.

## 7. TROUBLESHOOTING

---

### 7.1 Common Issues

- **No Sound:** Ensure earbuds are charged, connected to your device, and volume is up.
- **Pairing Failure:** Make sure Bluetooth is enabled on your device and the earbuds are in pairing mode. Try resetting the earbuds.
- **One Earbud Not Working:** Place both earbuds back in the case, close it, then take them out again. If the issue persists, try resetting.

## 7.2 Resetting the Earbuds

If you experience connectivity issues or other malfunctions, you can reset the earbuds:

1. Place both earbuds into the charging case.
2. Keep touching the touch sensitive area on both earbuds for approximately 10 seconds until the indicator lights flash.
3. Remove the earbuds from the case and attempt to re-pair them with your device.

Image: Instructions for resetting the earbuds by touching the sensitive area for about 10 seconds.

## 8. SPECIFICATIONS
