

HXSJ X100

HXSJ X100 Wired Gaming Mouse Instruction Manual

Model: X100

1. INTRODUCTION

Welcome to the HXSJ X100 Wired Gaming Mouse instruction manual. This guide provides detailed information on setting up, operating, and maintaining your new gaming mouse. Please read this manual thoroughly to ensure optimal performance and longevity of your device.

2. KEY FEATURES

- **High-Performance Mechanical Mouse:** Designed for quick and precise clicks with rapid, delay-free response. Features a durability of over 10 million clicks.
- **High-Precision Gaming Grade Optical Sensor:** Offers 4 adjustable DPI levels (1200, 1800, 2400, 3600) for flexible speed adjustment. Supports a maximum of 4000 FPS and 8G accelerated speed.
- **7-Color LED Breathing Backlight:** Features colorful LED backlighting with unique logo and side patterns to enhance the gaming atmosphere. LEDs are treated to prevent glare.
- **Comfortable Ergonomic Design:** The mouse's comfortable design fits perfectly in the palm, built ergonomically for a comfortable grip for both left and right hands. Made from skin-friendly material with anti-fingerprint and anti-sweat properties.
- **Wide Compatibility:** Compatible with most systems, including Windows 7/8/10/2000/XP, Vista, and Mac OS. Also works with PS4, XBOX, and Switch devices (an adapter may be required for consoles). Plug and play, no drivers required for basic functionality.
- **Durable Braided Cable:** Equipped with a 4.92 feet (1.5m) braided USB cable featuring a toroidal ring for enhanced durability and signal stability.

3. PACKAGE CONTENTS

5. SETUP INSTRUCTIONS

Connecting the Mouse

1. Locate an available USB port on your computer or gaming console.
2. Plug the USB connector of the HXSJ X100 mouse into the USB port.
3. The mouse is plug-and-play; no additional drivers are typically required for basic functionality.
4. For advanced customization, such as button programming or specific lighting modes, please check the manufacturer's website for any available software.

6. OPERATING INSTRUCTIONS

Adjusting DPI Sensitivity

The HXSJ X100 mouse features 4 adjustable DPI levels: 1200, 1800, 2400, and 3600.

To cycle through DPI settings, press the **DPI+** or **DPI-** buttons located on the mouse. Each press will switch to the next available DPI level.

7. MAINTENANCE

Cleaning

- To clean the mouse, gently wipe its surface with a soft, slightly damp cloth.
- Avoid using harsh chemicals, abrasive materials, or excessive moisture, as these can damage the mouse.
- Ensure no liquid enters the mouse's internal components.

Storage

- Store the mouse in a dry, cool place away from direct sunlight and extreme temperatures.
- When not in use, it is recommended to keep the mouse in a protective environment to prevent dust accumulation.

8. TROUBLESHOOTING

Mouse Not Responding

- Ensure the USB cable is securely plugged into a working USB port on your computer or console.
- Try plugging the mouse into a different USB port to rule out a faulty port.
- Restart your computer or gaming console.
- If using with a console (PS4, XBOX, Switch), verify if an adapter is required and properly connected, as direct plug-and-play may not always be supported for all functions.

LED Backlight Not Working

- Press and hold the DPI button for 3 seconds to toggle the LED backlight on/off.
- Ensure the mouse is properly connected and receiving power from your device.

DPI Adjustment Not Working

- Ensure the mouse is connected and functioning.
- Press the DPI+ or DPI- buttons to cycle through the available DPI settings. The change should be immediate.

9. WARRANTY AND SUPPORT

For warranty information or technical support, please contact HXSJ customer service. Refer to the product packaging or the official HXSJ website for specific contact details.

If you have any questions or encounter issues, please do not hesitate to contact us; we are committed to replying within 24 hours.
