## SETUP & INSTALLATION

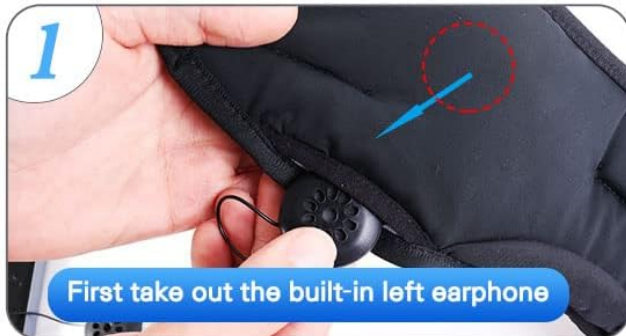

### Easy to Disassemble Internal Parts

1. First, gently take out the built-in left speaker from the sleep mask or headband.
2. Then, carefully take out the middle Bluetooth module and the right speaker.
3. Ensure not to pull too hard when replacing internal parts to avoid kinks and breakage of wires.

## Easy to Install the Bluetooth Module Kit

1. Insert the right speaker through the opening in the lower left corner of the sleep mask or headband.
2. Insert the Bluetooth module horizontally so that its buttons align with the corresponding positions on the sleep mask or headband.
3. Place the left speaker into the sleep mask or headband.
4. Do not pull hard when replacing internal parts to prevent wires from kinking and breaking.

## OPERATION

### How to Connect Your Bluetooth Device

1. Ensure Bluetooth is turned off on your phone or other devices you wish to connect.
2. Long press the "ON/OFF" button on the Bluetooth module until the red/blue light flashes, indicating it is in pairing mode.
3. Turn on Bluetooth on your phone, search for the device named "musiCozy", and select it to connect.

4. Once paired, you can directly listen to music or answer calls through the Bluetooth sleep mask or headband.

# ENHANCED BATTERY

Charge 1-2 hours, Play time 10 hours over

## 2H

Charge

## 10H

## MAINTENANCE

To ensure the longevity and optimal performance of your MUSICOZY Bluetooth Module and Speakers, please follow these maintenance guidelines:

- **Cleaning:** If your sleep mask or headband requires washing, always remove the Bluetooth module and speakers first. Do not wash the electronic components.
- **Handling Wires:** The small wires connecting the speakers to the control module are delicate. Handle them gently during removal and installation to prevent kinking or breakage.

- **Charging Port:** Use the provided charging cable and ensure the Type-C USB port is clean and free of debris before charging.
- **Storage:** Store the module and speakers in a dry place away from extreme temperatures and direct sunlight when not in use.

## TROUBLESHOOTING

If you encounter issues with your MUSICOZY Bluetooth Module, refer to the following common problems and solutions:

Problem	Possible Cause	Solution
Device does not power on.	Low battery.	Charge the module for 1-2 hours using the provided charging cable.
Cannot connect to Bluetooth.	Bluetooth not in pairing mode; phone Bluetooth off; interference.	Ensure the module is in pairing mode (flashing red/blue light). Turn off and on your phone's Bluetooth. Move closer to the device.
Poor sound quality or no sound.	Speakers improperly placed; low battery; connection issue.	Adjust speaker position within the mask/headband. Charge the module. Re-pair the Bluetooth connection.
Wires appear damaged or broken.	Rough handling during installation/removal.	Handle the module and speakers with care, especially the connecting wires, during installation and removal.
