Cecotec Bamba PrecisionCare Extreme 5-in-1 Multifunction Shaver User Manual

1. PRODUCT OVERVIEW

The Cecotec Bamba PrecisionCare Extreme 5-in-1 is a versatile multigrooming shaver designed for both facial and body hair removal. It features a durable stainless steel blade system and a waterproof design for easy cleaning.

This device is equipped with a lithium battery, providing cordless operation. It includes multiple interchangeable heads and an adjustable comb to suit various grooming needs.

2. SAFETY WARNINGS

- Do not immerse the device in water beyond its IPX5 rating.
- Ensure the charging port is completely dry before connecting the power adapter.
- Always ensure the lithium battery is charged and maintained correctly to prolong its lifespan and ensure safe operation.
- Use the different attachments with care to avoid skin irritation or cuts.
- Keep out of reach of children.
- Do not disassemble or attempt to repair the device yourself. Contact qualified personnel for service.

3. PACKAGE CONTENTS

Verify that all items are present in the package:

- 1 Shaver unit
- 4 Interchangeable heads (Foil shaver head, Body shaver head, Precision trimmer head, Nose/Ear trimmer)

head)

- 1 Adjustable comb (1-10 mm)
- 1 Power adapter
- 1 Oil reservoir
- 1 Cleaning brush
- 1 Storage case
- 1 User manual

4. SETUP AND CHARGING

4.1 Initial Charge

Before first use, fully charge the shaver. Connect the power adapter to the shaver and plug it into a power outlet. The LED indicator will show the charging status.

- A full charge takes approximately 180 minutes.
- A fully charged battery provides up to 60 minutes of cordless operation.

Image 4.2: The shaver connected to its power adapter for charging.

4.2 Attaching and Removing Heads

To attach a head, align it with the shaver unit and push gently until it clicks into place. To remove, twist or pull the head off, depending on the specific head design, following the instructions in the detailed manual.

5. OPERATING INSTRUCTIONS

1. **Select the appropriate head:** Choose the desired interchangeable head for your grooming task (e.g., foil shaving head for a close shave, body shaving head for sensitive areas, precision trimmer for detailing).
2. **Attach the head:** Securely attach the selected head to the shaver unit.
3. **Power on:** Press the power button to turn on the device. The LED indicator will illuminate.
4. **Begin grooming:** Gently guide the shaver against the direction of hair growth for optimal results. For facial shaving, use the foil head. For body grooming, use the body shaving head, especially with the silicone strip for sensitive skin.
5. **Adjust comb (if applicable):** If using the adjustable comb, select the desired length setting (1-10 mm) before use.
6. **Power off:** After use, press the power button to turn off the device.

5.1 Using Specific Heads

- **Foil Shaving Head:** Ideal for a close, smooth shave on the face. Move the shaver in short, circular motions or against the grain.

Image 5.2: Detailed view of the foil shaving head.

- **Body Shaving Head:** Designed for body hair removal, featuring a special silicone strip to protect sensitive skin. Use gentle, even strokes.

Image 5.3: Detailed view of the body shaving head.

- **Precision Trimmer Head:** For shaping and detailing beards, sideburns, and necklines.
- **Nose/Ear Trimmer Head:** For safe and comfortable removal of unwanted nose and ear hair.

6. MAINTENANCE AND CLEANING

Regular cleaning ensures optimal performance and hygiene of your shaver.

1. **Rinse under water:** After each use, remove the attachment head and rinse it thoroughly under running water. The shaver unit itself is IPX5 waterproof and can also be rinsed, but ensure the charging port is closed and dry before charging.

Image 6.1: Rinsing the shaver head under running water for cleaning.

2. **Use cleaning brush:** For stubborn hair or debris, use the provided cleaning brush to gently remove particles from the blades and housing.
3. **Lubricate blades:** Periodically apply a small drop of lubricating oil (from the provided oil reservoir) to the blades to maintain their sharpness and smooth operation. Do this after cleaning and drying.
4. **Dry thoroughly:** Allow all parts to air dry completely before reassembling or storing the shaver.
5. **Storage:** Store the shaver and its accessories in the provided storage case to protect them from damage and dust.

7. TROUBLESHOOTING

- **Shaver not turning on:** Ensure the battery is charged. Connect the shaver to the power adapter and allow it to charge for at least 30 minutes before attempting to turn it on again.
- **Reduced performance or pulling hair:** The blades may be dull or clogged with hair. Clean the blades thoroughly and apply lubricating oil. If the issue persists, consider replacing the head if available.
- **Battery not charging:** Check if the power adapter is correctly connected to both the shaver and the power outlet. Ensure the outlet is functional. If the problem persists, the adapter or battery may need service.

- **Skin irritation:** Ensure you are using the correct attachment for the area and skin type. Shave against the direction of hair growth with gentle pressure. Clean the shaver thoroughly before and after use.

8. SPECIFICATIONS

Product Name	Multifunction Shaver
Brand	Cecotec
